FIGHT THE TRUST DISSOLUTION PLAN

Attorneys General of Three States Against the Tobacco Company.

BICKETT AMONG THE NUMBER

Declare the Present Status More Tolerable Than Plan Proposed—Appear in United States Circuit Court.

New York, Oct. 23.—In protest against the proposed dissolution plan of the American Tobacco Company, the attorneys general of Virginia, North and South Carolina today submitted their formal objections to the judges of the United States Circuit Court. The protest charges that the plan is a bold attempt to nullify the judgment of the United States Supreme Court and declares the present status is more tolerable than the plan proposed.

"The plan turns loose no asset and no agency," the attorneys general set forth "by which the American Tobacco Company now maintains its absolute dominion over the tobacco trade. Its avarice for power and its utter unwillingness to loosen its grip on the tobacco business is strikingly illustrated in its refusal to give up one of the least of its subsidiaries, R. P. Richardson, Jr., & Co., incorporated, although that company has from the inception of this suit petitioned to be allowed to do an independent business."

The attorneys general assert that the dividing of the company into several working organizations will effect a change in bookkeeping only, and that it will be dismembered only as "the hand divides into fingers."

To have real competition there must be antagonistic interests, whereas, the trust plan, they say, maintains a community of interests between all the companies it is proposed to create.

"If 'a' holds 14 shares of common stock of the American Tobacco Company, what is the necessity of allotting to him a single share in 14 different corporations?" The attorneys general ask. "Why not give him his entire holdings in a single company? Possibly he would then have some incentive to give some real attention to the management of his company."

The necessary, and doubtless sought result of distributing the holdings of each individual among a large number of companies would be to leave the real control of all the companies in the hands of the 29 individual defendants.

"Give the 14 companies the elements of complete independence; forbid the stockholders in any one of these companies from owning stock in any of the others and perpetually enjoin them from acquiring such stock and a condition will be created in compliance with the judgment.

"To require these violators of the law to disband and to forbid them by oneness of ownership to perpetuate the monopoly they have created, will cause no alarm to stockholders in corporations that are doing a legitimate business."

Washington, Oct. 23.—Felix Levy, a New York lawyer, representing several independent tobacco manufacturing concerns, which oppose the American Tobacco Company's proposed plan of disintegration, came to Washington today and had a conference with Attorney General Wickersham. The Attorney General devoted the entire afternoon to going over the plan with Mr. Levy and hearing his objections.

Later Mr. Wickersham declined to express any opinion upon the disintegration plans or indicate what would be his attitude.

EITHER CLARK OR WILSON.

Senator-Elect Vardaman Talks of Democracy's Choice.

Greensboro, N. C., Oct. 23.—Senator-elect James K. Vardaman, of Mississippi, in an interview here today declared that Democracy's choice in 1912 would be Clark or Wilson, and that with either at the helm victory would be easy. He was inclined to the belief that all other candidates would be eliminated before the date of the convention. Though an admirer of Senator LaFollette, the Mississippian thinks there is no question but that President Taft will again be the nominee of the Republican party.

GLIDDEN TOURISTS.

Leave for Jacksonville From Atlanta, Ga., Today.

Atlanta, Ga., Oct. 23.—After a two-days' rest and entertainment here the Glidden tourists will resume their journey to Jacksonville, Fla., tomorrow morning. A stop will be made at Macon for luncheon and the night control will be Cordele. The tourists expect to reach Jacksonville Thursday afternoon.

Sacramento, Oct. 23.—Monsignor T. J. Capel, once private chamberlain to the Pope, died here today following a long illness. He was born October 28th, 1836.

New Orleans, Oct. 23.—Frank Burns, of Jersey City, was awarded a clear-cut decision over Monte Attell, of San Francisco, in a fast ten-round bout here tonight. The sporting writers were unanimous in the ballot.

MARKED BY WOMANLY TURMOIL

Suffragists Clash at Meeting in Louisville, Ky.—Dr. Anna Shaw Elected President—The Features

Louisville, Ky., Oct. 23.—After half a day of womanly turmoil in which feminine temper and legislative capabilities were sorely tried, Dr. Anna Howard Shaw, of Moylan, Pa., president since 1905 of the National American Suffrage Association in convention here, was re-elected late this afternoon unanimously. Second honors went to Miss Jane Adams, of Hull House, Chicago.

Dr. Shaw's election followed several sharp struggles in which the Eastern Division of the Suffragists clashed with those representing the other sections of the country. Most of these clashes had to do with a projected transferring of the National headquarters from New York to Chicago acclaimed by others than Easterners as the storm center of American suffrage work.

The non-Eastern Division has been severely torn between their abounding love for and belief in Miss Shaw, who had let it be known she could continue as president only if New York retained the headquarters. Miss Shaw's re-election is believed to have settled or postponed definite decision in this question for a year at least.

Miss Shaw pledged "every power of body, mind and heart" to the work, asked for suggestions from any suffragist and referred feelingly to the diamond starred suffrage flag passed on to her after the death of Susan B. Anthony.

The other officers elected to serve for the year are as follows:

Second vice president—Miss Sophronisba Breckenridge, Chicago.

Corresponding Secretary — Mrs. Mary Ware Dennett, New York.

Recording Secretary—Mrs. Susan W. Fitzgerald, Boston.

Treasurer—Miss Jessie Ashley, New York.

First Auditor—Mrs. Belle LaFollette, Madison, Wis.

Second Auditor—Mrs. James Lees Laidlaw, New York.

It was a secftion of the revised constitution which provided for monthly meetings of the official board, composed of National officers, that occasioned numerous sharp exchanges. The section amended so as to call for meetings of the board at least once in every two months, finally was adopted. Inasmuch as the question involved the proposed headquarters transfer and possibly the choice of officers, it provoked heated debate, some of the delegates getting almost personal.

Most of the debate followed an announcement by Miss M. Carey Thomas, president of Bryn Mawr College, that three women had offered to supply expense money to defray traveling expenses of officers going to the bimonthly board meetings. Evidently mistaking the point, one delegate intimated criticism of the administration by national officers of what has been known as the Susan B. Anthony $60,000 fund. Several arose at once to protest but Miss Shaw recognized none and, ex-Cathedra, refuted the insinuation of injudicious use of the money and with tears in her eyes, explained the circumstances in detail.

O. P. HEATH FAILS

One of Largest and Most Wealthy Cotton Men in South

Charlotte, N. C., Oct. 23.—O. P. Heath, of Charlotte, one of the wealthiest and best known cotton brokers in the Southern States, with branch offices in all important Southern cities, filed a petition in bankruptcy late today in the Federal Court at Salisbury through Maxwell & Kierans, his attorneys. Judge Boyd promptly adjudged the petitioner a bankrupt and referred the matter to W. S. O'B. Robinson, of Charlotte, referee in bankruptcy. The liabilities, it is said, are more than a million dollars while the assets will not reach one quarter of that amount. Practically all of the creditors are North Carolina banks, though several New York firms are represented in the list. No cause is known for the failure. Mr. Heath is ill at his home here and efforts to secure a statement from him tonight were unsuccessful.

Among the foreign creditors affected by the failure are the Carpenter Baggott Company and C. E. Ritch & Co., of New York, and Schute and Richardson, of Liverpool. The Carpenter Baggott Company had recently instituted a suit for more than $15,000 against Mr. Heath and this matter was to have been heard at the current term of the Federal Court at Salisbury.

DR. COOK IN COPENHAGEN

Escorted from Train by Detachment of Police — To Lecture

Copenhagen, Oct. 23.—Dr. Cook, who was so enthusiastically welcomed here after his alleged discovery of the North Pole two years ago, arrived in Copenhagen tonight, accompanied by his wife. Owing to the threatening attitude of the crowd, Dr. Cook was escorted to his carriage by a detachment of police. The mob followed, jeering and hooting.

The explorer said he had given up his projected European lecture tour and will lecture only in this city. The newspapers denounce him, some of them recommending demonstrations of disapproval at his lecture.

PLAYERS IN TRIM FOR FOURTH GAME

Old Sol Shines on Philadelphia Again After Long Rainy Spell.

TEAMS WARMED-UP FOR TODAY

Bitterest Fought Game of Series is Expected—Question as to Who Will Pitch—Bender and Mathewson.

Philadelphia, Oct. 23.—After having been postponed for the fifth time there is every indication tonight that the fourth game of the world's championship series between the New York Giants and the Athletics will be played tomorrow afternoon at Shibe Park.

The sun, which made its first appearance here since Monday, October 16th, shone brightly all day and, aided by a northwest breeze, put the playing field in fairly good condition. The diamond is in far better shape than the outfield, but a liberal use of huge sponges by a score of men under the supervision of Ground Keeper Schroeder, cleared the outfield of the numerous rivulets.

At 2 o'clock tomorrow afternoon, if the sun shines brightly up to that time, it is thought that the outfield will be practically normal.

Both teams took advantage of the pleasant weather to prepare for what is thought to be one of the most bitterly fought games of the present series.

Manager Mack had his men on the diamond at Shibe Park for fully two hours. The greater part of the time was devoted to batting practice. With Danforth, Martin and Coombs serving up their benders, the players took their regular turns at batting and sent the ball to all corners of the field. Baker, the sensation of the two victories thus far scored by the Athletics, was the star in today's batting matinee. In five successive turns at bat he thrice drove the ball into the enclosure between the temporary low wooden fence and the right field wall and later sent the ball over the rightfield fence. Oldring, who had been absent attending his sister's funeral, took part in the practice and will be in tomorrow's game.

While the other members of the world's champions were polishing up their batting eyes Bender and Plank were warming up with Thomas and Lapp on the receiving end. Both the Indian and the big left hander had plenty of speed and judging from today's programme the selection of the man to face the Giants tomorrow will be one of these men. The astute manager of the Athletics, however, will not admit that either Bender or Plank will go in. When the batting practice had nearly concluded Mack sent Coombs in to pitch to Lapp, his battery mate. Coombs' speed was terrific and it is known that he is anxious to again face the New Yorkers, it will not be surprising if Mack sent him in in an endeavor to have him repeat his brilliant performance at the Polo grounds on last Tuesday.

While the Athletics were going through their limbering up process Manager McGraw had his Giants out for a lengthy practice at the National League grounds. He followed practically the same line of play adopted by the Athletics' manager. With Ames, Crandall and Wiltse serving up an assortment of deceptive curves, the New York players got in some elegant batting practice. If they hit the ball tomorrow as they did this afternoon it will give the Athletic rooters many a heart ache. While the visitors were driving the ball to all corners of the big lot, Mathewson and Marquard were warming up with Chief Meyers. Both of the National League stars seemed to be in splendid shape. Mathewson, as is his usual custom, did not attempt to use all his speed, but occasionally would shoot a fast one over just to show Manager McGraw that his arm is in perfect speed and when he cut loose the big left-hander made Manager McGraw smile.

While neither manager would state positively tonight who would be their pitching selections for the fourth game, it is reasonably sure that Bender and Mathewson will again face each other. The local weather indications are for a clear, crisp day.

McNAMARA CASE GOES ON.

Judge Makes Ruling Giving Backset to Defendants.

Los Angeles, Cal., Oct. 23.—Legal machinery in the McNamara murder trial revolved to such effect that at the close of court, a problem which had bothered everybody concerned since the first day of the trial, was solved in the opinion of counsel, and five talesmen were excused for various reasons. The half empty jury box was filled again and only ten men of the original venire of the 125 were left.

New York, Oct. 23.—It was announced today that the Chesapeake & Ohio Railway Company and the Hocking Valley Railway Company have appointed Martin J. Caples, fourth vice president, with supervision over the operating and construction departments of those companies, effective November 1st. Mr. Caples has since 1905 been connected with the Carolina, Clinchfield & Ohio Railway Company.

DENIAL COMES FROM HINES

Declares He Had Nothing to Do with Stephenson Election—Tells Senatorial Committee—Details of Testimony.

Milwaukee, Wis., October 23.—Edward Hines, the lumber man, denied before the Senatorial Investigating Committee today that he, directly or indirectly, had had anything to do with the election of Senator Isaac Stephenson. Mr. Hines' denial covered the following:

That he went to Washington and there told Senator Stephenson that, because of charges of corruption, made in the Legislature, the Senator could not be re-elected.

That to overcome this obstacle he entered into an agreement whereby he and Stephenson each contributed $55,000, which resulted in an election by the Wisconsin Legislature on March 4th, 1909, after three Democratic Assemblymen had absented themselves.

That he paid Robert J. Shields $7,500 to help "put over" the election.

"Did you ever assist in or receive any benefit from the election of Senator Stephenson?" Mr. Hines was asked by Senator Heyburn, chairman of the committee.

"Never. Nor did I ever make or receive any promises in that regard. I have known Senator Stephenson for 20 years, and in that time have done eight or ten million dollars' worth of lumber business with him, but I had no dealings whatever in his election. I was interested to a small extent in his election primaries. He was simply to ask Shields to induce some business man to sign a kind of an appeal to the public to support the Senator because of his long standing as a business man in the State."

Mr. Hines declared that much of the story as given to the committee by Wirt H. Cook, of Duluth, was due to business reasons. Hines said Cook had written a letter threatening to "expose" him if he, Hines, did not withdraw as a director from a company in which both were interested. Hines also denied part of a conversation attributed to him by Cook at a hotel in Chicago, in which Hines was reputed to have said:

"I have had a terrible time getting Stephenson lined up. After I elected him, he goes down to Washington and votes for free lumber, and he is a lumber man, too."

The committee endeavored to trace the source of the charges implicating Hines and Shields. The development of this phase of the investigation as shown by the record, was:

"John Brady, a Duluth Hotel clerk, now dead, said he overheard two men, unknown to him, 'joshing' about Hines and Shields' work in Stephenson's behalf. Then Brady told Daniel Haley, Cook's partner, and Haley told Cook, and Cook told Lieutenant Governor Thomas Morris, and Morris told the investigating committee."

Going over the record, the committee found that Cook denied part of what Morris had said, and Haley varied from what Cook had asid, and as Brady, the hotel clerk, was dead, no information could be had as to the identity of the two men who were held responsible for the original report.

Another feature of today's session was an admission by Assemblyman Joseph A. Domachowski, that his charge that he was offered a bribe of $1,500 to remain away from the Legislature at the time of Stephenson's election was a joke.

TRAILING DESPERADO.

Negro Has Killed Two in Alabama and Escaped.

Birmingham, Ala., Oct. 23.—Surrounded in the swamps, five miles below Tuscaloosa, by fully 200 men, John Harrison, a negro desperado who has killed two men, is still at large tonight. So far the dogs have been able to take the trail and while every avenue of escape is being guarded as closely as possible, it is believed the negro will never allow himself to be taken alive.

The community was stirred yesterday when it became known that Harrison had shot and killed Thomas Cooper, a deputy at Northport, just over the river while resisting arrest.

A big posse had been started in pursuit and when it became known that Brown Horton, who was leading the pursuers, had also been killed by the negro this morning, just before daybreak, excitement was at a high pitch. Horton was one of the best known young men in Tuscaloosa. Early today he and Fletcher Powers, who was a little in advance of the others, sighted the negro and Harrison fired, killing Horton instantly. Powers returned the fire and darted further into the swamp, escaping uninjured.

INSANE MOTHER'S DEED

She Burned Herself and Six Children To Death

Bradeock, N. D., Oct. 23.—Apparently laboring under a mental strain, Mrs. Axel Johnson, wife of a farmer living near here, locked herself and her six little children in their room today and set the house on fire. All were burned. Mr. Johnson was working in a field some distance from the house when the tragedy occurred.

Neighbors believe Mrs. Johnson locked and barricaded the doors and nailed the windows of the house. Then saturating the room with oil she applied a match. Neighbors rushed to the house but rescue was impossible. The bodies were found in a corner of the living room under the smouldering mass, where they had huddled together when the flames surrounded them.

REVOLT IN CHINA STILL SPREADING

Now Manifesting Itself in the North as Well as the South.

THE ANTI-GOVERNMENT SPIRIT

Japan May be Called Upon in Emergency—Compromise Between Rebels and Throne is Probable—Features.

Peking, Oct. 23.—The revolutionary spirit is now manifesting itself in the north as well as in the south. Those who heretofore have believed the northern provinces might rally around the government, are now of the opinion that secessions will follow in rapid succession.

The precautionary measures taken in Manchuria where the government does not permit mention of the revolution, show the anti-government spirit in the far north.

There are persistent reports that risings have been planned for the next few days in the immediate vicinity of the capital. It may be that these will not be fulfilled, but they indicate a widespread sympathy with the revolt.

The diplomatic corps has discussed necessity of maintaining communication between Tien Tsin and Peking. The military commanders report only sufficent troops to protect the legation quarter in Peking and the foreign settlement in Tien Tsin, which number approximately 2,000 and 3,200 respectively. Consequently, in a serious emergency only Japan would be immediately available from the garrisons at Port Arthur and Dalny.

As yet the legations have not considered seriously the suggestion of an English paper in Shanghai that the Manchus, when desperate, might endeavor secretly to encourage the ignorant multitude to attack foreigners, and thereby attain foreign intervention, which would militate in their favor, they being the only established dynasty.

It is argued that such machinations will prove more dangerous to the Manchus than anyone else, because it is known that the rebel organization elsewhere is able to restrain its adherents. The Manchus, however, are apparently following a weak and vacillating policy, which conceivably might be followed by desperate measures.

A prominent Chinese official of Western education, in discussing this possibility, gave it to be understood that precautions against such a maneuver should not be overlooked. The increase in the activity of the press shows either defiance or relaxation of the censorship, whether from venality or sympathy on the part of the police is unknown. The newspapers publish reports of rebel victories which have not yet been attained and of government calamities more serious than have yet been suffered, and in so doing they are displaying a greater degree of temerity than usual.

Gen. Yin Tchang, the war minister, seems to have pushed his troops through the passes on the Honan-Hupeh border without resistance. Some, therefore, are of the opinion that he intends to attack prominently. He has, however, fewer troops under his command than heretofore supposed. It is not generally believed that he has 15,000, of which only two battalions are Manchus. They are guarding the railway in the rear. Other troops intended for the Hankow campaign have not been sent, owing to the fear of their desertion. There was also necessity for the retention of a strong force near Peking.

It is believed that Gen. Yin Tchang, Manchu-like, desires to give battle, although the half hearted spirit of his troops may deter him. On the other hand, Yuan Shi Kai, Chinese-like, is temporizing with the rebels. Yuan Shi Kai has refused to leave Chang-Te in the special cars which have been sent for him, but there is evidence that he has despatched trusted adherents of former days as emissaries to the rebel leaders. It is believed he is endeavoring to reach a compromise between the rebels and the throne on the basis of immediate constitutional government.

The foreign customs commissioner at Chang Sha has telegraphed the inspector general of customs here that the city revolted. The officials were killed and the viceroy fled. The foreign customs men took refuge in river boats.

It is officially stated that the diplomatic body has informed the Chinese government that it is unable to reply on the subject of indemnities, which is so complicated and important that China had better approach the individual governments direct.

TRUE REFORMERS

Colored Order Again in Trouble—It Will Fight

Richmond, Va., Oct. 23.—Application was made in the Chancery Court here today for the appointment of receivers for the Grand Fountain, United Order of True Reformers, the well-known colored organization. The judge set October 31st as the time for hearing argument on the motion for the receivership. The order, having been partially re-organized since the failure of the bank of the Grand Fountain, some months ago, will resist the application.

POISONING OF MISS LINNELL

Startling Bit of Evidence Against the Rev. Clarence Richeson—Police Will Tell no More—Pastor Protests Innocence.

Boston, Mass., Oct. 23.—A startling bit of evidence which has been in the hands of the police for several days, but which they have carefully guarded, leaked out tonight and promise to cast additional interest on the case of Rev. Clarence V. T. Richeson, the Baptist minister charged with the murder of Avis Linnell.

When the police gave out the statement of William H. Hahn, the Newton druggist, where the Cambridge pastor is alleged to have bought cyanide of Potassium, the drug that caused the death of the Linnell girl, they said the pastor had asked Hahn for a poison which "would kill a dog at his home with puppies."

Tonight it is stated on authority that Druggist Hahn added another sentence to the conversation he claims to have had with Richeson that the minister also said:

"I want a poison which will kill the puppies without killing the dog."

Druggst Hahn declared, it is claimed, that he stated that he knew of no medicine or drug which would do this. The police attach considerable significance to this version of the conversation.

While the State was collecting its evidence, the Rev. Richeson late today faced two leading members of his church and declared:

"I am innocent and will prove it when the time comes." The two men, A. F. Watson, treasurer, and E. E. Hughes, both of the Immanuel Baptist Church of Cambridge, visited the accused man in his cell today, as did Rev. George Holt, the Rhode Island clergyman who is to marry the younger sister of Violet Edmands to whom Mr. Richeson was engaged. The pastor's protestation of his innocence was made to each visitor.

Another visitor was his sister, Miss L. V. Richeson, of Saranac Lake, N. Y., who spent nearly an hour at the door of Cell 47, where the pastor is confined in what is known as "Murderers' Row."

All that money and the legal profession can provide to aid Richeson apparently will be forthcoming.

In addition to the statement of Moss Grant Edmands, father of Richeson's fiancee, that the minister would have the best counsel money could secure, further assistance has been promised from his own family. Assurances of support came today from Dr. William A. Richeson, of Amherst, Va., a wealthy uncle, who declared his fortune was at the command of the defense.

One perplexing problem confronting the prosecution is the apparently long time the cyanide of potassium acted before it caused Miss Linnell's death.

The medical examiner, Dr. Timothy E. Leary, in his report, declared that death ensued 25 minutes after the taking of the poison. To the police this seems strange, as cyanide is supposed to cause instantaneous death.

Various explanations are advanced for this seeming inconsistency. One is that an overdose of the poison acted as its own emetic. Another is that the poison had deteriorated through chemical action. This matter will be ascertained by an analysis of the cyanide of potassium in the Hahn drug store, to see if that purchased by the minister had lost its strength.

In view of the fact that the case is now in the hands of the district attorney and will be presented to the grand jury on Thursday, a special sitting having been called to avoid a hearing before the municipal court, which would divulge the evidence to the defense, the police declare that no more material secured by them would be given out to the press.

The defense represented by Judge James R. Dunbar, and his son, Philip R. Dunbar, still maintains silence as to what stand will be taken when the case comes to trial. Intimation was given tonight, however, that by tomorrow or the next day a statement would be forthcoming.

Father Goes to Richeson

Lynchburg, Va., Oct. 23.—T. V. Richeson, father of Rev. Clarence Richeson, the central figure of the Boston murder mystery, left his home in Amherst county today for Boston, for the announced purpose of seeing and consulting with his son. Before leaving Amherst, Mr. Richeson expressed confidence in his son's innocence. The elder Richeson and family stoutly deny that the minister was ever engaged to the dead girl, but that his interest in her ended in an admiration for her voice which, they say, he believed should be cultivated. They think he had no other interest in her.

NEGRO FIEND SURROUNDED.

Angry South Carolinians Camping on Trail of Assaulter.

Columbia, S. C., Oct. 23.—Arthur Bowne, a negro alleged to have attacked a white woman today at Springfield, 35 miles from here, tonight is believed to be surrounded by armed citizens in a swamp about four miles from that place. It is probable that if the negro is not killed in resisting arrest, he will be lynched. Particulars of the crime and pursuit are difficult to obtain.

Richmond, Va., October 23.—It was announced today by the Chesapeake and Ohio Railroad that the duties of passenger traffic manager, heretofore performed by Henry W. Fuller, who died October 12th, will be discharged in future by John D. Potts, general passenger agent. W. O. Warthen, heretofore district passenger agent, becomes assistant passenger agent, in succession to W. S. Bronson, who has been promoted and transferred to the legal department.

WALSH ON PAROLE ONLY NINE DAYS

Death of Former Chicago Banker After His Release From Prison.

TAFT AND WICKERSHAM BLAMED

"They Wanted the Last Ounce of Blood," Says Son-in-Law—Had Been Dangerously Ill for Some Time

Chicago, Oct. 23.—John R. Walsh, former head of the Chicago National Bank, died at his home here today. He lived only nine days to enjoy the liberty of his parole from the Federal penitentiary at Leavenworth, Kansas gained by the continuous efforts of family and friends since his incarceration of one year, eight months and twenty-six days. Death was caused by myocarditis an inflammation of the muscles of the heart. The banker was 74 years old. Members of his family attributed the immediate cause of death to his imprisonment and charged President Taft and Attorney General Wickersham with responsibility in failing to arrange the parole earlier.

"They wanted the last ounce of blood," said Orville E. Babcock, son-in-law of Walsh.

"Who do you mean by 'they?'"

"President Taft and Attorney General Wickersham," he replied. "We presented them with statements by Dr. Frank Billings and Dr. Joseph A. Capp, stating that Mr. Walsh was dangerously ill and that further confinement meant his death. They ignored these medical statements and his death resulted from the long delay in obtaining his release.

Mr. Walsh entered the Leavenworth penitentiary in January, 1910, to begin a five year's sentence. Members of his family said this was equivalent to a life sentence and at once began to work for his release. His health began to fail and examining physicians at the penitentiary said he was suffering with hardening of the arteries. After his release he was probably further weakened by a twenty-six-mile automobile ride in the cold from the prison to Kansas City.

Mr. Walsh was convicted of misappropriating funds of the bank for the use of his other properties, the Bedford quarries, the Southern Indiana Railway, the Chicago Chronicle and others. Depositors were paid in full. He is survived by his widow, Mrs. Mary L. Walsh, three daughter, Mrs. L. Blake Baldwin, Mr. Orville E. Babcock, Miss Mary Walsh and two sons, John W., and Richard W.

Mr. Walsh was born in County Cork, Ireland, came here more than sixty years ago. His early struggle was hard. From a newspaper peddler, he developed into larger newspaper dealings, gradually acquiring funds until he gained a place in a bank. Thrice he fought his way upward. Finally when his other properties demanded more cash than he had, Walsh was charged with drawing money from his banks for their use. In 1907 the Chicago National, the Equitable Trust Company and the Home Savings Bank, all controlled by Walsh, closed their doors, and he was indicted.

He was found guilty and December 3rd, 1909, was placed in custody of a United States marshal. He remained home, however, until the last legal step to prevent imprisonment was taken and he entered the penitentiary over a month later.

ORVILLE WRIGHT IN ACCIDENT

Narrow Escape from Serious Injury When Glider Turned Turtle

Kill Devil Hill, N. C., Oct. 23.—Orville Wright had a narrow escape from serious injury today when his machine glider turned over in the air and dashed to the ground.

The machine was disabled, but not so badly that it cannot be repaired again for flights tomorrow or Wednesday. Today's accident was the second the machine has met with since the present experiments were begun.

Wright had made one short glide in the machine and was essaying a second when the glider began to turn turtle slowly in a cross wind. The aviator scrambled nimbly over the machine as it turned with the result that he was on top of it when it dived to earth, bottom side up. Wright's injuries consisted of a severe laceration of his trousers and a slight shaking up.

NEAR RIOT IN DURHAM.

Police Hooted for Prohibiting Beulah Binford Pictures.

Durham, N. C., Oct. 23.—A riot was narrowly averted tonight when police put a stop to the display of moving pictures of Beulah Binford, the 17-year-old "girl in the case," in the recent Beattie murder trial in Richmond, Va. The proprietor of the picture theatre threatened to kill Sergeant Pendergrast, when the officer attempted to stop the machine. An angry crowd hooted the police who quickly swore out warrants and stopped the show. Manager Wilkerson was admitted to bail. The police acted by virtue of a resolution adopted Saturday by the City Council, prohibiting reproduction of the pictures.

MRS. GEO. O. GAYLORD DEAD.

Passed Away Last Evening After an Illness of Some Time.

Mrs. Martha Alberta Gaylord, beloved wife of Mr. George O. Gaylord, and daughter of the late Dr. John H. Freeman, died at the family home, corner Second and Orange streets, last night, after an illness of some time. Many friends will be shocked and saddened to learn of her passing and will tenderly sympathize with the bereaved. She is survived by her husband, Mr. George O. Gaylord, proprietor of the big department store, and five small children; one brother, Mr. J. H. Freeman, and one sister, Mrs. James F. Perry, both of this city. Arrangements for the funeral services will be made later.

COL. BENNETT ARRIVES

Succeeds Col. H. H. Ludlow of Command of Fort Caswell

Col. C. A. Bennett arrived yesterday from Fort Terry, N. Y., to take command of Fort Caswell, succeeding Col. H. H. Ludlow, who has been in charge at this port for more than a year.

Col. Ludlow, it will be recalled, was in command of the Department of the Gulf during the mobilization of troops on the Mexican frontier some months ago and was later ordered back to Fort Caswell. Under recent orders he assumes command of Fort Moultrie, S. C., and will be relieved immediately at Caswell by Col. Bennett.

Wants to Withdraw Charge.

It was stated at police headquarters yesterday morning that Mr. E. C. Bessellieu, who made the affidavit upon which a warrant was issued some days ago for Mr. Fred Griffith for violating the prohibition law, had written letters to Assistant City Attorney Peschau and Chief of Police Fowler stating that he did not wish to appear as a witness in the case and asking that the action be stopped. Mr. Bessellieu stated in his letter, it is said, that the information had been furnished him prior to the issuance of the warrant, and after giving the matter further consideration he did not wish the case to go any further. The warrant, it is said, alleged the sale of a drink of wine to Mr. Besselieu. The case against Mr. Griffith will be taken up in the Recorder's court Thursday.

Negro Resisted Officer.

John Graham, colored, became offended at Officer Leon George for some reason unknown last night at the negro picture show on Harnet street, between Fifth and Sixth, and drew a dangerous looking knife on the guardian of the law. The officer immediately placed him under arrest and the negro then resisted strenuously. However, by a judicious application of his club, the arm of the law vanquished the dusky foe and lodged him in the city hall. Graham will face two charges, one of assault with a deadly weapon and the other of resisting an officer. He will probably have an opportunity to explain his conduct to the Recorder this morning.

Three Officers to Fayetteville.

Councilman B. C. Moore, in charge of the Department of Public Safety, yesterday received from the chief of police of Fayetteville a request for three members of the local police force to do patrol duty in the Upper Cape Fear city during the three days of Cumberland county fair, which begins tomorrow. The request was turned over to Chief of Police John J. Fowler, who was instructed by Councilman Moore to detail three of his men for temporary service in the neighboring city. The officers will leave this afternoon for Fayetteville. Their names had not been announced last night.

Federal Prisoners to Newbern.

United States Deputy Marshal W. J. Benton, of Whiteville, arrived here yesterday at noon and in the afternoon left for Newbern, carrying with him two Federal prisoners who have been in the county jail here for about a month, having been transferred from Raleigh. The prisoners are W. J. Ellis and J. T. Bratt, both white, the former charged with illicit distilling and the latter with robbing the postoffice at Acme, just above Wilmington on the Seaboard, of some stamps. Federal Court is in session at Newbern this week and the defendants will probably be tried there.

Series of Meetings

Sunday morning and evening a 10 day series of revival services was inaugurated at Fifth Street Methodist church, with Rev. G. T. Adams, the pastor, filling the pulpit on both occasions. Rev. C. A. Jones arrived yesterday to assist Mr. Adams for the remainder of the time. An attractive feature of the meetings is the song service and the work of the chorus choir, under the able leadership of Mr. Charles Dushan, is excellent. For the next ten days meetings will be held each evening, beginning at 7:45 o'clock, and to the public a cordial invitation is extended to attend.

Negroes Engaged in General Fight

In Justice Harriss' court yesterday at noon eight dusky youths submitted to as many charges of affray and judgment was suspended on all on the payment of the costs. The boys, for they were all probably still in their 'teens, were Jno. Bennett, Bige Wright, Laney Henderson, Sam Canady, Frank Fears, Robt. Galvin, W. W. Covington and Richard Gause, and they were charged with indulging in a general knock-down-and-drag-out fight on the Federal Point road one day last week. Each offender paid the costs and left the seat of justice with much rejoicing.

Revival at Fourth Street Church.

Starting with Sunday, on which day two services were held, a revival meeting is in progress at Fourth Street Advent Christian Church this week and the meetings are being largely attended. Elder O. T. Mattox, the pastor, is assisted by Elder R. L. Isbell, an evangelist from this State. A 30-minute song service is conducted before the sermons each night. Indications point to a most successful revival. Services begin promptly at 7:30 each evening and a cordial invitation is extended the public to attend.

SUPREME COURT DECISION.

Upheld Massachusetts Law as to Distribution of Estates.

Washington, Oct. 23.—The constitutionality of the Massachusetts statute for the distribution of the estates of persons missing for more than 14 years, was upheld today by the Supreme Court of the United States in the only decision announced.

The case arose over the distribution of the estate of a nurse, Miss Mabel Allen, who is said by some to have reappeared since the suit over her property came to the Supreme Court. The court today, however, did not decide whether Miss Allen has been found or not. The court promulgated new rules for its procedure designed to avoid the future clogging of the docket, which has resulted of late in cases being two to three years in the court before they can be taken up for consideration.

After arguments in the case, involving the legality under the Sherman anti-trust law, of railroads combining to regulate traffic across the Mississippi river at St. Louis had been completed, attorneys began the argument of the appeal of the Frederick A. Hyde and Joost H. Schneider from their conviction of conspiracy to defraud the government out of land on the Pacific coast.

"Am I the first victim?" inquired a Sworthington attorney for the defendants as he began the argument. He was referring to the new rules.

The Chief Justice assured him that he was. Consequently, only three hours were allotted to the argument of the case instead of four. Hereafter the time for oral argument of cases will be three hours instead of four.

A new rule provides for a "summary docket" on which will be placed cases which the court believes should be specially expedited. The court will arrive at a decision as to these after a motion has been presented to it to affirm a decision in a court below.

Only half an hour will be allowed each side for argument of the cases on this docket.

The court also reduced from one hour to 45 minutes the time allowed for the argument of "motions."

DIRECT PAYMENT PLAN.

Compensation Commission Takes Important Action in Washington.

Washington, D. C., October 23.—The Employers' Liability and Workmen's Compensation Commission today practically decided to recommend the enactment of a law providing for the insurance of employees of Inter-State railroads against injury by accident by requiring the roads to make payments for any injury inflicted. No binding vote was taken, but it was admitted that the commissioners were unanimously favorable to the direct payment plan and to confining the operations of the proposed law to employees of roads engaged in inter-State commerce only.

Some members of the commission first were inclined toward a more sweeping application of the statute, based on the policy which prevails in Germany and other European countries, but after devoting the entire day to the consideration of the question, the committee decided that conditions in the United States are not favorabe to general governmental insurance. The plan adopted is the prevailing one in Great Britain and while it requires direct payment from the employer to injured employees, the instrumentality of the National government is invoked in carrying it into effect.

The commission was not so fortunate in dealing with other points at issue. One of these is the question whether the proposed insurance should be compulsory upon the railroads, and this and other questions were left open. The commission will continue its sittings tomorrow.

Huntington, W. Va., Oct. 23.—Standing over the biers of their two brothers, Elias and Troy Hatfield, who were shot and killed by an Italian in Fayette county a few days ago, eleven stalwart sons of Anse Hatfield, the feudist who professed religion a short time ago, today responded to the pleadings of their aged parents and pledged themselves to lead better lives. "Uncle Dyke" Garrett, the veteran mountain preacher, read the burial service over the two sons and will baptize the 11 others in the near future.

PROPER TREATMENT FOR
CATARRH
The first thing to be done in the treatment of Catarrh is to begin the use of a medicine that will have a direct effect on the source of the disease; in no other way can any curative progress be made. S. S. S. does this more quickly and satisfactorily than any other medicine. It is the most penetrating of all blood purifiers, thoroughly, yet gently, expelling all catarrhal matter and impurities from the circulation, and by its fine tonic properties strengthening and building up the system in such healthy manner that it is enabled to overcome the depressing effects of Catarrh. Some local treatment is often desired to open the air passages of the head and nose and relieve the congestion and "tickling" of the throat, and other unpleasant symptoms. There are many helpful measures which may be resorted to, and there are others which may be harmful, and to aid Catarrh sufferers we have prepared a special treatise on the disease which will be of great value to any who suffer with this trouble. This book together with any medical advice free to all who write and request it. Take S. S. S. regularly and according to directions, and it will certainly remove the cause and cure your Catarrh. S.S.S. is sold at drug stores.

FALL RACES IN VIRGINIA

Event of Jamestown Jockey Club of Unusual Interest This Year

Norfolk, Va., Oct. 23.—The Fall races of the Jamestown Jockey Club will begin here November 2nd and continue until December 1st without the threatened interference of the State authorities. The meeting will bring to Virginia some of the best horses that have been running at Pimlico, Laurel and elsewhere and the stakes will be competed for by lively fields. Also all the stalls at the tracks are already assigned. The course is in plendid condition. The five stake events, the dates of which will be announced this week, are the Monticello handicap at one mile for all ages, the exchange handicap, at a mile and a sixteenth for three year olds and over, the Lynn Haven handicap, a three quarters of a mile and a furlong for three years olds and over and the merchants selling race at six and a half furlongs for al. ages.

The bogy of anti-racing law has disappeared for the present. When the proceedings brought by the Attorney General of Virginia for revocation of the club's charter were reached in today's call of the docket in the Norfolk City Circuit Court, counsel for the State made no appearance. Judge McLemore said the case might be set later in the term, but the court could not proceed without the consent of both sides. This meant that the races will proceed as scheduled.

RACE WAR IN OKLAHOMA

Two Wagon Loads of Guns Are Seized by Officers

Coweta, Okla., Oct. 23.—Search of places frequented by negroes today, disclosed firearms hidden in all conceivable places and manners. Two wagon loads of guns, knives and ammunition were taken in charge by officers.

While the town is quiet, under military protection after the riots of yesterday in which two were killed and four wounded, citizens still fear trouble. From Red Bird, a negro settlement, six miles away, come reports that the blacks are in an ugly mood and threaten to march upon Coweta. Citizens heavily armed are helping the soldiers in keeping a close lookout at every place the blacks might enter the town in force.

Twenty negroes were arrested and taken to Wagoner today with but little trouble.

Muskogee, Okla., Oct. 23.—There is quiet in Coweta today following the race riot here last night in which one white man, one negro, were killed and two white men and a negro fatally wounded.

Company F, of the State militia, which was sent from Muskogee to the scene of the trouble at midnight last night, is still at Coweta and will remain there all day. It is believed that their presence will prevent further trouble.

AT CATAWBA COLLEGE

Dr. John Frederick Buchheit Installed By Synod of Potomac

Charlotte, N. C., Oct. 23.—Adjourning its annual session at Hickory the Synod of the Potomac today made a pilgrimage to Newton and with impressive ceremonies inducted into office Dr. John Frederick Buchheit as president of Catawba College, the German reformed seat of learning. Dr. J. A. Foil, president of the board of trustees, presided. Dr. J. W. Bergy, of Altoona, Pa., president of the Synod spoke the invocation, and Dr. Henry Louis Smith, president of Davidson College, delivered the congratulatory address. President Buchheit's subject was "The True Purpose of a Collegiate Education." Over six hundred people from a half dozen States were present.

Cleveland, Ohio, Oct. 21.—Two Cleveland Southwestern and Columbus interurban cars collided head on in a fog just outside the city today. Ten persons were injured, one seriously, but none fatally.

Self-Starting Chalmers
"Thirty-Six" an Ideal Car

This monogram on the radiator stands for all you can ask in a motor car

This $1,800 car is perfectly adapted to the needs of the average user. The long stroke motor gives all the power and speed you can want without useless burning of gasoline. The four forward speed transmission gives perfect flexibility for hills, sand, traffic and straightaway. The big tires (36"x4") gives riding ease and insure low tire up-keep bills.

The Chalmers self-starter, air pressure type, does away with the trouble of cranking. The big tires and Continental demountable rims rob punctures of their terrors.

When you have seen this car you will find it hard to understand how we can sell it at so low a figure as $1,800.

Read the following letter from Mr. H. D. Wheat of Gaffney, who bought a Chalmers "Thirty-Six" for his 15-year-old daughter to drive. Mr. Wheat has been driving cars for eight years or more and has owned many cars of many makes. In addition to the Chalmers "Thirty-Six" he now owns and drives a $6,000 car, a $5,000 car, an electric and a Chalmers "Forty" that has already been driven over 20,000 miles.

Gaffney, S. C., October 18th, 1911.

Mr. A. M. Gibbes, Gibbes Machinery Co., Columbia, S. C.

Dear Sir:—I have delayed writing you my opinion of our new Chalmers "36" until we had a chance to thoroughly try it out. We have now run it nearly 1,000 miles, over all kinds of roads, hills, etc., and my verdict is—Chalmers "36" is all right. We find the motor flexible and a great puller—carrying the car up our steep Piedmont hills on fourth, or higher gear, without seeming to labor at all. The Self-Starting device is very reliable; this feature of the "36" alone is worth a great deal, as it enables the ladies to use a gas car about as well as an electric. The car rides easy and comfortable, and the control is simple—as an evidence of how easy the car is to handle, I might mention that my daughter, who is 15 years old, and who the car belongs to, drove it from Gaffney to Charlotte, a distance of 60 miles, without the slightest trouble. I think in the Chalmers "self-starting 36" that you have one of the best medium priced cars on the market.

We are still driving our 1900 Chalmers "40", and it seems impossible to wear it out—still good for many thousand miles.

Yours very truly,
H. D. Wheat.

We ask an opportunity to show you this car and to give you a demonstration.

BUDGET FROM STATE CAPITAL

Negro to Die in Electric Chair Next Friday—Wilmington Corporation. Col. Lil Smith Promoted to General.

(Special Star Correspondence.)

Raleigh, N. C., Oct. 23.—Norval Marshall will die in the electric chair in the State penitentiary here Friday of this week as a penalty for the horrible crime he committed recently 14 miles from Warrenton, when he criminally assaulted Mrs. Chapin and seriously wounded her father and a deputy sheriff while they, with indignant neighbors, were attempting to arrest him in a house in which he had barricaded himself. Marshall was given the distinction of having about the speediest trial and sentence to death that has yet been provided by the courts in this State. The crime was committed Friday night and by Tuesday night of the following week he had been tried, convicted and the sentence of death imposed. There is no possibility of executive clemency or any hold-up whatever in the carrying out of the death sentence.

The management of the Negro North Carolina State Fair is rushing the installation of the exhibits preparatory for the formal opening tomorrow. The big days will be Wednesday and Thursday. The running of big excursions from Norfolk, Edenton, Elizabeth City and other eastern sections of the State has been arranged for and there is declared to be prospect for the biggest out-of-town attendance a negro fair has ever had here.

There is being held here this week with the Tabernacle Baptist church a training school for Sunday School workers that is being attended by workers in schools of other denominations as well as all the Baptist schools. Notable experts directing the institute are Rev. J. T. Watts, Richmond, Va.; Rev. Harvey Bauchamp, Dallas, Texas, and Miss Frost, of Nashville, Tenn.

The trustees of the State School for Feeble Minded, to be erected at Kinston, are bending their efforts now to getting the principal buildings up and equipped for opening by October next. The board has chosen Dr. Ira M. Hardy, of Washington, N. C., as superintendent. He will cast about for his faculty while the plant for the school is being installed. The legislative appropriation for the plant was $60,000. Kinston gave the site and other advantageous concessions to secure the school in competition with other eastern towns.

The Reliance Cotton Co., Graham, N. C., received a charter today with $50,000 capital authorized and $3,000 subscribed by B. S. Robertson, J. Harvey White and J. V. Pomeroy for dealing in cotton and doing textile business. Other new enterprises are the Emporia Coco Cola Bottling Works, Wilmington, capital $5,000 authorized and $1,500 subscribed by G. H. Hutaff, W. J. Hutaff and others; and the Byrum-Charles Co., Charlotte, merchants, capital $30,000 authorized and $4,500 subscribed by W. F. Byrum, W. S. Charles and W. A. Short.

A commission was issued today to Col. A. L. Smith, of Charlotte, giving him the rank of brigadier general on the retired list of the North Carolina National Guard, this being under the State law that allows retirement after ten years' service in the North Carolina National Guard with a one-grade advance in rank, his being from colonel to brigadier general. There were issued today commissions to J. L. Hines, as captain; A. M. Holingsworth, as first, and W. A. Jackson, as second lieutenant, Company M, Second Infantry, Dunn, N. C. Also a commission from Governor Kitchin to Dixon V. Conn as captain and assistant paymaster on the governor's staff. His commission is in the stead of his brother, Major Edward V. Conn, who resigned on account of locating in Baltimore, where he is telegraph editor of the Baltimore Sun.

Governor Kitchin is just back from Marion, where he delivered the address Saturday for the McDowell county fair which he says was exceptionally successful. He was greeted by an immense audience that gave him an enthusiastic reception. While he would not discuss that phase of the situation for publication, he seemed well pleased with the conditions as he found them there relative to the impending senatorial contest.

YOUNG LADY A SUICIDE

Miss Coppedge, of Wadesboro, Plunged Into Deep Well

(Special Star Correspondence.)

Wadesboro, N. C., Oct. 23.—Saturday morning about 7:30 o'clock, Miss Janie Coppedge, the twenty-year-old daughter of Mr. and Mrs. A. W. Coppedge, committed suicide by jumping into a well. The young lady had been in bad health for some time and on her return from Columbia, where she had been on a visit about two weeks ago, contracted melancholia and has been under the care of a physician since that time. She tried one day last week to take her life by taking some kind of drug but was discovered before any fatal result was accomplished. Friday afternoon she was seen standing near the well and finally walked up to the well and looked in but some of the family got her to the house and she afterwards went out driving. Saturday morning she got up and dressed and immediately went to the well and pulled off a red sweater which she had on, hung it on the fence, climbed upon the curbing of the well and jumped in. Robert Tomlinson, the young son of Mr. T. R. Tomlinson, seeing the young lady, called to her just as she jumped. The alarm was given and a crowd immediately gathered and in a short time the body was fished from the well. The entire community sympathizes with the bereaved family.

COLUMBUS COUNTY NEWS.

Scarcity of Labor Disastrous to Farmers—Other Notes.

(Special Star Correspondence.)

Whiteville, N. C., Oct. 23.—Deputy Sheriff Ammons last week took a drive over the county and reports seeing hundreds of acres of cotton from which not a lock has been picked. He says the recent rain beat out many boll locks, and which are now lying on the ground and will soon begin to rot and ruin. He saw one field near Whiteville of 50 acres that will make a bale per acre, and from which only three bales have been picked. He says the ground is littered with locks that have been blown or fallen out and it is losing badly. He says this cotton would make a bale per acre if it could be gathered. You see fields white with ungathered cotton all over the county. Mr. Ammons says that early in the season farmers from South Carolina and Robeson county came to Columbus and carried off most of our cotton-pickers by offering them 60 cents per 100, all the green peas they wanted, houses to live in and then pay their transportation back and forth from their homes. The result is that our county was stripped of labor. Many schools have suspended to let the children gather cotton and our farmers are making heroic efforts to gather their cotton. If we have a bad spell of weather hundreds of bales will be lost, and even now much of it has fallen out. Your correspondent talked with several farmers Saturday and they say negroes are demanding 60 cents per 100 and to be hauled back and forth from the fields to pick cotton and at the low price they cannot afford to pay any such price. They will gather the crop themselves, even if it takes until after Christmas as most of the distress cotton in the county has been sold and our more prosperous farmers are holding to their crop for an advance in price which they expect as soon as the rush is over. A number of them have not sold a bale.

Mr. Bruce Pierce last week moved his family back to his home in Artesia, but Mr. Price will keep his office in Whiteville, where he is engaged in the real estate business.

Mrs. Annie E. Cox, of Guide, spent Saturday night in Whiteville with Mrs. Helen Gantt Mims. Mrs. Cox has been teaching school in this county for about 35 years, but says she is now teaching her last term and will retire from the business.

Capt. I. Davis and wife, nee Miss Irene Memory, of Southport, spent Saturday and Sunday with the parents of Mrs. Davis. Our people were delighted to see them.

A number of deer are now being killed. Last Saturday a party of hunters went out from Hallsboro and got two fine bucks. One hunter went over into Brunswick and in a half a day killed two deer and 75 squirrels.

The drug business of Mr. J. R. Maxwell will be wound up in a few days and it is hoped that Mr. Maxwell will arrange to open up again. The stock will be sold in bulk by Mr. L. V. Grady, the receiver.

A great many of our Columbus county farmers say they will make two bales of cotton per acre, and a bale per acre is an average crop where the fields were properly tilled. We have in Columbus a fine farming country.

The Columbus county teachers' association met here Saturday with an attendance of about 75. They will meet here again in five weeks. After several splendid addresses by the teachers, a business meeting was held to elect officers for the ensuing year. Prof. W. R. Smithwick, superintendent of the Whiteville High School, was elected president; Prof. Rowling, of the Chadbourn school, vice president, and Mrs. S. F. Watson, of Whiteville, secretary. Mr. T. E. Barden, of Cerro Gordo, was made an honorary member of the association, as his interest in the schools is so great that he never fails to attend the meetings.

C. E. James was yesterday bailed out of jail, where he has been confined for about a week. Mr. E. S. Lewis went on his bond.

New York, Oct. 21.—The statement of clearing house banks for the week shows that the banks hold $15,203,950 reserve in excess of legal requirements. This is an increase of $3,445,750 in the proportionate cash reserve as compared with last week.

Indianapolis, Ind., Oct. 21.—Mrs. Booth Tarkington, wife of the novelist and playwright, today filed suit for divorce in the superior court of this county. She charges the defendant with cruelty and asks for the custody of their five-year-old child.

Denver, Colo., Oct. 21.—Henry Strong, pioneer Western railroad builder, and for many years president of the Atchison, Topeka & Santa Fe Railroad, died here tonight of neuritis after an illness of more than a year.

When your back gives out;
Becomes lame, weak or aching;
When urinary troubles set in,
Your kidneys are "in a bad way."
Doan's Kidney Pills can help you.
Here is local evidence to prove it:

Mrs. M. E. Bordeaux, 510 S. Second St., Wilmington, N. C., says: "I willingly verify my former endorsement of Doan's Kidney Pills. During the past two and a half years I have used this remedy occasionally and it has always brought the very best of results." (Statement given on December 27, 1910.)

The endorsement referred to by Mrs. Bordeaux was in substance as follows: "I suffered from dull pains in the small of my back and some days I could hardly get about to attend to my housework. I had a kidney weakness that caused me great annoyance and I knew that a kidney medicine was needed. When I read about Doan's Kidney Pills, I at once got a supply at Bellamy's drug store and they restored me to good health. Another member of my family has also taken Doan's Kidney Pills with benefit."

TRINITY COLLEGE NEWS.

Student and Faculty Notes—Athletic Events.

(Special Star Correspondence.)

Trinity College, Durham, N. C., Oct. 23.—President Few is a member of the committee of the board of overseers of Harvard University to visit the Graduate School of Arts and Sciences. With him on this committee are some of the most distinguished men in America—Owen Wister, Henry Cabot Lodge, Francis B. Gummere, Frederick P. Fish and seven others.

Dr. W. H. Glasson, professor of Economics, has accepted membership in the advisory board of the National Municipal Review, which is to be published at Philadelphia under the auspices of the National Municipal League begnning with January, 1912. This journal will aim to give consideration to the municipal affairs of all sections of the country and Dr. Glasson acts on the board as a representative of the Southern States. Associated with him are leading economists from other parts of the country.

Prof. E. C. Brooks of the department of edducation leaves in a few days for the annual meeting of the Association of Schools and Colleges of the Southern States at Tuscaloosa, Ala. He is a member of the executive committee of that association, and of a special committee to report on the certificate plan of admitting students to college.

Prof. Robert L. Flowers, secretary to the corporation, returned yesterday from Greensboro, where he met with a committee that has in charge the Correlation of Schools and Colleges affiliated with the Methodist church in North Carolina. He is on a like committee for the whole Southern church.

A handsome cut of the Academic building and an excellent account of the institute held at the college last Summer appeared in the September issue of the Adult Student, one of the most important publications of the Sunday School Board of the Southern Methodist church. Dr. Franklin N. Parker, professor of Biblical liteture, is a most acceptable contributor to this magazine. He writes each week for the department called "The Lesson Interpreted."

Mr. J. P. Breedlove, librarian, is this year president of the North Carolina Library Association, which meets in Durham November 22nd.

The preliminary to the relay race to be held October 28th, was run off Friday afternoon on the mile road leading to the Watts Hospital. The race was a great success and was marked by great enthusiasm among the students. This is another step toward the track team, which has been hoped for for several years, and the success of the relay race next Saturday will practically assure one for Trinity.

The results of the race Friday afternoon show the senior class to be represented by the following men, who are named in the order in which they finished the mile run: Cherry, McKinnon, E. J. Harbison, Wells, E. Allison, J. W. Harbison, Johnson, Patterson, Rozzelle and Barringer. Cherry, the first man out, made the mile in 4:46 4-5. The juniors will be represented by Hardee, Kirkman, Lane, Towe, G. A. Warlick, Edens, Alderman, Ratcliffe, Marr and McClees. The first ten men among the sophomores to finish were Phillips, Lowe, Lucas, Clarke, Secrest, Bost, Spense, Whiteside and Williamson. Time 5:8 2-5. For the freshmen the following will run the race Saturday: Crowell, R. L. Brown, Few, Yow, T. H. Anderson, J. A. Thompson, English, Sutton, Egerton and Hester. Time 4:59 1-4.

The prompt and positive results given by this inexpensive cough medicine have caused it to be used in more homes in the U. S. and Canada than any other cough remedy. It gives instant relief and will usually wipe out the most obstinate, deep-seated cough inside of 24 hours. It quickly succeeds, even in whooping cough and croup.

A 50 cent bottle of Pinex, when mixed with home-made sugar syrup, makes a full pint—a family supply—of the most pleasant and effective cough remedy that money could buy, at a saving of $2. Easily prepared in five minutes—full directions in package.

Children take Pinex Cough Syrup willingly, because it tastes good. It stimulates the appetite and is slightly laxative—both excellent features. Splendid for hoarseness, throat tickle, bronchitis, etc., and a prompt, successful remedy for incipient lung trouble.

Pinex is a special and highly concentrated compound of imported Norway White Pine extract and is rich in guaiacol and other natural healing pine elements. Simply mix it with sugar syrup or strained honey, in a pint bottle, and it is ready for use.

Pinex has often been imitated, but never successfully, for nothing else will produce the same results. The genuine is guaranteed to give absolute satisfaction or money refunded. Certificate of guarantee is wrapped in each package. Your druggist has Pinex or will gladly get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

The French Market Coffee Drinkers Could Not Be Fooled

Only the wonderful mountain-side coffee from Jamaica, blended with choicest berries from Guatemala, Venezuela and the Pan-American countries, would satisfy them. Cheap coffees could not be combined into that marvelously smooth and deliciously aromatic beverage that has been served for over a century at the French Market in New Orleans.

"Voyons! C'est le même que nous avons bu a Paris!"
(*"Behold! It is the same as we drank in Paris!"*)

one *emigre* would say to another as they sipped their coffee in the French Market.

Then—and for a century since—

French Market Coffee

could be had nowhere in America but at the French Market in New Orleans. But NOW you all may serve it daily at your own table. For the old French blend is perpetuated by

The Same Unique Hygienic Roasting Process

and French Market Coffee is now delivered everywhere in hermetically sealed tins. "There is only *one* real old French Market flavor"—only *one* coffee with a history.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions, except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates, or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

Tuesday, October 24, 1911.

Men have their deals and ladies have their ideals.

The worst thing about woman suffrage, is that some of our lady friends might vote the Insurgent ticket.

"Raw days are rare in Florida," says the Jacksonville Times-Union. Wilmington's sea breezes are what we blow about.

Teddy probably has decided to keep quiet under the impression that he may have to be called on to conserve the hide of the G. O. P. elephant.

A President's traveling expenses come in handy in campaign expenses. That is where President Taft has the advantage over other candidates for the Presidency.

The attorneys for the Tobacco Trust are busy making plans for its dissolution. The problem is how to dissolve the trust without hurting its monopoly. —Philadelphia North American.

Says the Havana Post: "Oxford scientists are going to the South Sea to live with canibals. But, can they?" Anyhow, the canibals will be delighted to have the scientists in their midst.

It is stated that China has only one physician to every 400,000 inhabitants. It is pretty safe to bet that most of the 400,000 will never know what it is to be relieved of their appendix.

It is again asserted by English medical authority that diet affects character. If that be true, we should judge that some of the crooked politicians of Illinois and Wisconsin were reared on a diet of gimlets.

The Jacksonville Times-Union asserts: "No girl should be permitted to receive men callers until she has served an apprenticeship in the kitchen." Girls may be greatly surprised to learn that most men would enjoy calling on them in the kitchen and acting as taster, just for fun.

It is plainer than ever that hereafter the world's series of baseball games will have to be played in Wilmington instead of in the North. There have been five postponements on account of rain, whereas at this season of the year Wilmington experiences its most delightful weather. We had better build some ball grounds and invite the champions to fight it out here next Fall.

A wealthy lumberman out West recently had a severe spell of illness, and claims that it restored his memory which was lost 26 years ago. Among the things he recollected was that he left a wife and children and that he has come to himself with an entirely different wife on his hands. We are more inclined to credit his experience to a return of conscience instead of a restoration of memory.

In spite of civil war in Mexico, the overthrow of one administration and the election of another, the exports of that country for 1911 ave been $293,752,000 or $34,000,000 more than they were last year. The imports have been $205,000,000 or $11,000,000 more than last year. Our Mexican neighbors seem to be going ahead quite satisfied that they can settle their affairs and do business at the same time.

The United States War Department recently sent another regiment of troops to the Panama Canal zone, and indignation is expressed there that it contains 793 bachelors. This now makes 4,786 unmarried males in the zone and only 187 bachelor girls. The Culebra Bachelors' Association has resented Uncle Sam's act in reinforcing the bachelors and are demanding that he should send out a regiment of girls.

WOMAN AND THE BALLOT

By the way, speaking of woman suffrage, Wrightsville Beach is the only town in North Carolina where women have the right to vote. We have mentioned this fact before, but the growth of the movement on behalf of equal rights for women makes it a matter of interest to recall the fact. No change in the State constitution was made in order to confer the right of suffrage on the women of Wrightsville Beach but the Legislature conferred it in legislation authorizing the property owners to issue bonds for certain improvements. In view of the fact that a considerable number of the property owners on Wrightsville Beach are women, it was deemed proper not to tax their property without they had something to say about it.

The men interested in Wrightsville Beach recognized the revolutionary contention that taxation without representation is wrong, so they were only too willing to let the women property owners be represented in the serious matter of taxing their property, even if it were for the public good. The justice of giving them a chance to say whether their taxes should be increased or not was recognized, for the men did not feel like going into the pockets of the women without their consent. It is right for women to go into their husbands' pockets without consent, for it is all in the family, but come to think of it it does not seem right for the public to burden women property owners with a tax without so much as asking them. No doubt the women property owners thought that way about it and probably insisted on having a say about it. It was to their financial advantage to have that right, and when they intimated to the men that they wanted to vote that settled it. Under such circumstances, men can see the point right away and so it is that woman suffrage is only delayed because the women haven't seen proper to make the demand in a general way. Just as soon as they do, the North Carolinians will fall right in line with California where the men were satisfied that their lady friends really desired to vote and had just as much right as a man, since they see the way men have been letting the ballot box go to the bad.

An election at Wrightsville Beach is like a Sunday School convention or a social function, for the lady voters know exactly what to do. They are always in favor of improvements and they do not cast a vote against a necessary thing when they have looked into it with the fine intelligence that women have. It is wonderful how much intelligence and intuition women have. They act solely upon conviction, which sets a fine example for masculines who frequently vote for policy or for one consideration of another. Wrightsville Beach elections are so nice that if many of them are held they will get to be elaborate affairs where luncheon will be served and everything will be unanimous. We never could see any reason why all common sense questions should not meet with unanimous approval anyhow, for the public good ought to be the uppermost factor in politics, with special interests and boodle picnics entirely ignored among voters who simply want to do what is right and square.

Since the recent California election, in which the vote was overwhelming for a woman suffrage amendment to the constitution, the suffragettes have become more active than ever all over the country and the question is being discussed more widely and upon broader lines than ever before. Even European countries seem to be getting ahead of us on it, for in Bosnia, a country which everybody thinks is hardly civilized, both the Christian and Mohamedan women have qualified suffrage. The qualification for parliamentary suffrage for women in Bosnia is the ownership of a certain quantity of land, and in the election last May nine-tenths of the women of Bosnia, who cast their first vote for members of Parliament, went to the polls wearing veils but dressed to their own tastes. The Mahomedan women seem to have had the majority of voters, for they keep their property in their own names, so nothing can happen should the old man go wrong. However, the majority of Christian women, trusting creatures that they are, make over their property to their sons or hold it in common with their husbands. No doubt qualified land suffrage will change all that and it will stimulate the desire women generally to own at least enough land to enable them to vote.

We note also that universal municipal suffrage has been granted to the women of Norway by a vote of 71 to 10 in the Parliament of that country. The committee appointed to investigate the matter reported unanimously in favor of making Parliamentary suffrage for women universal also. The two dissenting committee members did not oppose it but held that limited parliamentary suffrage for the gentler sex should have a longer trial.

We don't know whether the women of North Carolina want the right to vote or not, but when the majority of them demand the ballot, North Carolina men will be pretty apt to do just like they did in California. At present a North Carolina woman is content to own the old man and everything else he thinks he has till he takes a notion to sell something. North Carolina men have been doing pretty well at the polls for the past few years, but if they don't want the women to get sissatified and demand the ballot, they had better vote right and always cast every ballot for the good of North Carolina. If it comes to taking care of North Carolina, every woman in the State will mighty quick make up her mind that she is going to be a full-fledged citizen. Now, will the men be good?

UNSETTLED PROBLEMS

Dr. H. H. Fries, of Fries Brothers, New York, recently returned from Europe where he spent four months in trips covering France, Switzerland, Germany and England. In speaking of some of his experiences, he referred to the disparagement in which the American people are held in Europe owing to what the doctor says is "their long suffering toleration of political and administrative abuses in this country." He goes on to say:

"There were times when I was almost ashamed of proclaiming myself an American. In business and scientific circles I was frequently called upon to attempt to explain how my countrymen could be so continuously blind, befoozled and inane to the practices of dealing with the live and dominant issues of the day by those in authority. My own experience in the saccharine matter, in which I have been closely interested and associated, had been only too recent and convincing to bring the force of these criticisms keenly home to me. I found the action on saccharine by the different administrative departments a topic that had attracted much attention abroad, and it was cited as an instance of the methods of our government officials in prejudicing the rights of private interests for a cause designed to appeal to popular clamor. Those with whom I discused the saccharine matter abroad were at a loss to understand how such a drastic and sweeping condemnation could be made when the report of the investigating board had never become a part of the record of official proceedings. In fact, repeated efforts to obtain or even to see a copy of this report have met with persistent denial. When I was in Washington last May I was informed that the report of the Remsen Board, on which the action of the departments had been based, was still in the hands of the printer, but there was promise at that time for its promulgation within a couple of months. Since my return from Europe I have learned that this report is still held up after more than six months' delay, with apparently no justification, and there doesn't seem to be much prospect for its release for probably as many more months."

Of course, Dr. Fries is interested in the saccharine ruling of the pure food board, for he seems to be concerned in its manufacture, and whether that ruling is or is not correct, the Europeans are justified in criticising us for not settling for good and at once the questions and problems that come before the country. We have been cussing and discussing the trust question and have been making a fight against monopolies for 30 years and it has been more than 20 years since the Sherman act was passed, yet that question is far from being settled to the satisfaction of the people or the capitalists of the country. Business is constantly disturbed by interminable agitation and it would seem that for all concerned that question should be settled one way or the other.

The tariff question is another one, but when in 1910 the people voted for tariff reform, President Taft refused to accept the will of the people, and, with his vetoes, left the question open for more agitation and further action. Meanwhile the people grow more restless under the wrong of tariff taxation for special interests, and he need not be surprised if there should be a manifest disposition among the people to insist upon carrying out their will when it is expressed. They will be pretty apt to defeat President Taft for his delay in settling that question so they can get the earliest possible relief.

HEARST TO FIGHT MURPHY

The Hon. William Randolph Hearst has come back to the Democrat party, after having strayed off as leader of the Independence League. He announces that he is a good Democrat but that he is going to drive Chas. F. Murphy out of the party leadership in New York.

We have never doubted the Democracy of Mr. Hearst, for even his league was a Democratic organization with no purpose in common with Republicanism. He has demonstrated that he has the elements of leadership in him and as a fighter he comes out in the open and hits hard. He had a strong following in New York, and while his fight on Murphy probably menaces the harmony of the party, Mr. Hearst's return will rather strengthen than weaken Democracy in New York. He will bring back as many voters as he will drive away by his efforts to rid Tammany of its leader and relieve that great Democratic organization from the personal ownership that appears to control it. Yet, Mr. Murphy is a powerful leader and, machine as Tammany is, it has been a potent factor in municipal and national politics.

Mr. Hearst is credited with political ambitions, and recently the Hon. Oscar Underwood declared he had come back to the Democratic party with aspirations to the nominaiton for the Presidency, but the probability is that he has returned to the party as the only militant force which is moving in the direction which he can approve. He will fight inside the party for what he had gone outside to fight, and his influence for good in the party generally will outweigh any harm that a war on Murphy may do. In fact, his fight on the Tammany leader inside the party certainly can do no more harm than his fight on the outside against the chief.

Mr. Hearst is one of the greatest journalists of this country and it must be admitted that the aid of his strong newspapers will be a powerful factor in the national fight. Since he is coming back with a declaration of war against the leaders from which he might expect aid in his laudible political ambitions, we cannot believe he is rightly credited with coming back with the Presidential bee buzzing in his bonnet. We doubt whether any newspapers in America exert such widespread and direct influence as do Mr. Hearst's papers, and we are glad he has taken a notion to come home. We had rather have him fighting with the party than warring against it.

Dr. Harvey W. Wiley, the government pure food expert, has declared in favor of equal rights for women. This will contribute to the unanimity for Dr. Wiley.

About the severest jolt that has been delivered to Teddy was the few scattering remarks fired at him as an individual by Senor Francisco Escabar, the Colombian consul general at New York.

Mayor Roddey says that three years ago yesterday—October 19th, 1908—cotton sold at 8 3-4 cents per pound. That was the market prices yesterday, and yet many people feel that it has been many years since cotton fell below 9 cents. It is a fact, however, that in the August following the drop in 1908 the price went up to 13 cents. Looks like a good argument for holding cotton now.—Rock Hill (S. C.) Record.

President Taft's long Western tour, in the interest of his candidacy for President, has been lengthened. Was it because the President and his advisors realized he had failed to make the impression he sought to make and hope by a longer effort to accomplish that end? But couldn't the President make a better impression upon the country by getting back to Washington, since vacation days are over, than by speeding about the country leaving the impression that he feels he is not gaining ground by his journey? If he has not already turned the tide in his favor, the chance to do so does not lie in more traveling. — Savannah News.

Passengers from Charlotte for Shelby, over the Seaboard road, yesterday morning, crossed a wide stream west of Lincolnton on the wooden bridge that had sustained the trains for many years past. On the return trip, six hours later, the wooden bridge was gone and the train crossed on a modern steel bridge. The explanation of this change is simple and it also marks the advance in engineering skill. The Seaboard Company some time ago decided to replace the wooden bridge with a steel structure. The material for the latter bridge was brought to the locality and workmen proceeded to put it together alongside the old bridge. When the steel bridge was completed, the old bridge was pushed away and the steel bridge slipped into its place. The displacement and replacement, as we have said, was done between trains, with no interruption to traffic. Reminiscently, the scene of this engineering feat was the scene of the fall and burning of a Seaboard passenger train, in 1880, and in which the Baltimore drummer, White, was burned to death. —Charlotte Chronicle.

MARRIED AND UNMARRIED LADIES

Will Find Some Useful Advice in the Words of Mrs. Jay McGee of Stephenville.

Stephenville, Tex. — "For nine years," says Mrs. Jay McGee, of this place, "I suffered from womanly troubles. I had terrible headaches and pains in my back, etc.

My husband suggested Cardui to me, but I did not think anything would do me any good.

It seemed as if I would die, I suffered so! At last I consented to try Cardui and it seemed to help me, right away. I was interested and continued its use.

The full treatment not only helped me, but it cured me.

It will do the same for all sick and suffering girls or women—both married and unmarried.

I will always praise Cardui highly, for it has been the means of saving my life and giving me good health."

Half a century of success, with thousands of cures, similar to the one described above, amply prove Cardui's real, scientific, medicinal merit.

Being purely vegetable, Cardui can be taken safely by young and old and can do nothing but good. Its action is very gentle, and without any bad after effects.

Why not benefit by the experience of others? Try it today.

CAR COLLIDES WITH WAGON

Driver for Globe Bakery Co., Has Narrow Escape from Death Yesterday Morning—He Suffers Painful Injuries

Mr. James Brown, a young man, who drives one of the wagons of the Globe Bakery Company, was rather seriously injured yesterday morning about 8:45 o'clock at corner of Fourth and Princess stheets when his wagon came into collision with an outward bound suburban car on the Tidewater Power Company's line to Wrightsville Beach. Though no bones were broken, Mr. Brown sustained a number of severe bruises and contusions in addition to having the flesh on one arm badly torn above and below his elbow.

He was carried to the James Walker Memorial Hospital and his injuries were dressed. It was stated last night that he was resting as comfortably as could be expected, though suffering some from the torn arm.

The accident occurred as Mr. Brown was driving the heavy wagon, to which were hitched two mules, down the rather steep grade on Fourth street from Market to the Princess street crossing. There are no brake on the wagon and the driver had no means of checking the vehicle. He attempted to make the turn into Princess street ahead of the car but could not do so and the car came into contact with the hub of the left front wheel of the bakery wagon with considerable force. Mr. Brown was thrown out and the mules were knocked off their feet. In falling Mr. Brown's arm came in contact with the pavement or the car was badly lacerated. In addition he sustained a number of other severe bruises and cuts. The mules sustained a number of painful abrasions and bruises and the axle of the wagon was so badly bent that it will have to undergo repairs before it can be used again.

There weer a number of witnesses to the accident and they immediately rendered Mr. Brown all the assistance they could until he could be taken to the hospital, where everything possible was done to make him comfortable. It is said that the spectators disagreed as to who was to blame for the accident, some contending that the motorman did not give proper warning as he approached the crossing and others avowing that he did ring his bell and that the accident was unavoidable on his part. However, they all agreed that Mr. Brown was fortunate in escaping with his life and many expresed themselves as believing it almost a miracle that he, as well as the team, was not killed outright.

THREE CRAZY PERSONS.

Great Demand Still Being Made for Asylum Accommodations.

Three persons were examined yesterday as to their sanity by Col. John D. Taylor, Clerk of Superior Court, and all were adjudged mentally unbalanced and ordered confined in the county jail until other arrangements can be made for them. They are John Yates, colored, of Florida; Edward Krahn, a young white man, who claims to be from Montana, and Caledonia Riddick, colored, of Topsail Sound. There are all told six insane persons in the county jail. One of these is Edgar Horne, colored, who was a convict serving a sentence on the county roads for forgery. He is originally from Union county, it is said that he will have to be sent to the hospital for the dangerous insane at Raleigh.

The governor of Florida will be notified that Yates has been taken up here and adjudged insane and will be asked to advise what to do with the negro. The governor of Montana will be informed of the condition of Krahn and he will be asked to find out something about the boy's people, if possible. The young man came here about a week ago and told several persons that he was in search of work and could not find anything to do. He said that he formerly lived in Montana, coming to the East to Baltimore a few weeks ago with his mother's body for burial in that city. Not being able to find employment in Baltimore he came to this city, looking for work, he said.

THE RECORDER'S COURT

Rather Commonplace Session---Large Number of Drunks

Quite a number of petty cases came up for consideration of the Recorder yesterday morning but they were all commonplace and there was no incident of more than ordinary interest.

Louisa Robinson, colored, received the heaviest sentence imposed on the day's asortment of the luckless, receiving a sentence of three months on the county farm for the larceny of the sum of $5 from a negro by the name of Warren Adkinson.

Decatur Costin, white, was charged with asault and battery and an assault with a deadly weapon upon a mn named Powers. He was found not guilty of either charge.

Dan Glissen, white, and Geo. Hayes, colored, were charged with an affray. For their attempt to settle the race question by the pugilistic method they were allowed to contribute the costs to the county fund. Tom Jones, colored, was assessed $5 and the costs for being found in a drunken and disorderly condition. In addition to the above cases an unusually large number ordinary drunks were relieved of the usual amount.

Is the World Growing Better?

Many things go to prove that it is. The way thousands are trying to help others is proof. Among them is Mrs. W. W. Gould, of Pittsfield, N. H. AGED LADY PASSES AWAY.

Mrs. Melvina Grant Died Late Yesterday Afternoon—Funeral.

Many friends will learn with regret of the death of Mrs. Melvina A. Grant, widow of Mr. Richard H. Grant, who passed away at her home, No. 111 North Eighth street, at 4:55 o'clock yesterday afternoon. Mrs. Grant had been in ill health for five years or more, but her condition did not become alarming until about two weeks ago, and since then she sank gradually until the end came at the hour mentioned. She was conscious until the end.

Mrs. Grant was one of Wilmington's oldest and most highly esteemed women. She was 85 years old the 25th day of last May and practically all her life was spent in Wilmington, where her husband was prominently identified with the business interests of the cty during his life time. Surviving are three children, these beng Capt. R. O. Grant, Mr. Geo. M. Grant and Mrs. Ella E. Southerland, and one brother, Mr. J. Frank Gause, all of Wimington, besides she leaves 23 grandchildren and 23 great grandchildren. In their bereavement they have the tenderest sympathy of a great many friends. Mrs. Grant was a consistent member of Grace Methodist Church. During her illness she was a great sufferer, but she bore her suffering with great patience and Christian fortitude, never a murmer being heard from her. She was a most estimable Christian woman, beloved and admired by all within the circle of her acquaintance.

The funeral services will be held at 4 o'clock this afternoon from the late residence, conducted by Rev. J. C. Wooten, pastor of Grace Methodist Church, assisted by Rev. Dr. John M. Wells, pastor of the First Presbyterian Church, and the interment will be in Oakdale cemetery.

DR. S. E. KOONCE BEREAVED.

His Mother Passed Away at Trenton Yesterday Morning.

Many friends throughout the city will tenderly sympathize with Dr. S. E. Koonce in the death of his mother, which occurred at her home at Trenton, Jones county, at 5 o'clock yesterday morning, acute indigestion being the cause. Dr. Koonce was up Saturday to visit his mother and found her as well as usual. Sunday she became violently ill, and while her condition apparently improved under treatment she was gradually sinking and died yesterday morning at the hour mentioned.

Mrs. Koonce was about 68 years old and is survived by eight children, these being Dr. S. E. Koonce, of this city; Mr. John Koonce, of Arkansas; Mrs. L. W. Ward, of Jacksonville, N. C.; Mr. F. P. Koonce, Mrs. J. C. Cumming, Mrs. Ben Dixon, of Trenton; Mr. Brenade G. Koonce, of Norfolk, and Miss Inez Koonce, of Trenton. Her husband preceded her to her grave eight years ago this month.

Mrs. Koonce has visited Dr. and Mrs. Koonce in this city and at their suburban home in East Wilmington a number of times and had many friends here who will be pained to learn of her passing. She was here last in August, spending nearly all the month with her son and daughter. She was an estimable Christian woman and will be greatly missed in the home and in the community in which she resded.

The time of the funeral will depend upon whether or not Mr. John Koonce, of Arkansas, will come for the services. If he cannot attend the services will probably be held today. The interment will be in the family burying ground at Cypress Creek, eight miles from Trenton.

DEATH OF MISS ESSIE HUGHES.

Young Lady Passed Away Yesterday at Montrose Sanitarium.

Miss Essie Hughes, of this city, died yesterday morning at Montrose Sanitarium in Moore county, whither she had gone a few weeks ago for treatment for tuberculosis with which she had been afflicted for three or four months. Relatives in this city were shocked and saddened to learn of her passing. Mr. B. F. Hughes, a brother, left yesterday afternoon for Montrose to accompany the body to Wilmington tonight or tomorrow.

Miss Hughes was 22 years old and is survived by her mother, Mrs. G. W. Hughes; three brothers, Messrs. E. A., James and B. F. Hughes; all of this city; four sisters, Mrs. John Maunder, of Portsmouth, Va.; Mrs. M. P. Hollis, of Florence, S. C.; Mrs. Thos. Ashley and Mrs. Jas. Swinson, of Wilmington. Her father passed away only about three weeks ago and a brother died about six months ago. The sympathy of hundreds of friends goes out to the grief-stricken mother and brothers and sisters. Miss Hughes was a member of Brooklyn Baptist Church and a young lady held in the highest esteem by all who knew her. Announcement of the funeral will be made later.

TO PROSECUTE OTHERS.

Health Department Determined to Enforce Sanitary Laws.

It was stated at the health department yesterday afternoon that steps will he taken immediately by the department to prosecute those citizens whose properties have been condemned under the sanitary ordinances of the city. The department has awaited the outcome of the test case which was disposed of in the Recorder's court last week when Mr. A. D. Wessell was convicted of maintaining a public nuisance as charged in the indictment, and now that it has won its case the officials are busy preparing the cases against a number of other citizens on the same charges.

Most of those citizens who will be prosecuted live or have their places of business in the vicinity of Front street marget house, but there are a number of others scattered throughout the varous sections of the city.

Was Not on Duplin

Captain Stokes, of the steamer Duplin, while in the city yesterday, stated that the negro, Elisha Costin, who came here from Pender county and broke out with smallpox, did not come on his boat, as was erroneously announced in Sunday morning's Star. It is probable that he came on some other river steamer. Captain Stokes desires to state that his steamer will receive freight for the return trip next Friday, October 27th.

GYM WORK BEGINS AT Y.M.C.A.

Senior Classes Started Yesterday With Much Enthusiasm—Meeting of Bible Study Class Last Night—Other Notes

The gymnasium classes of the Senior department of the Y. M. C. A., began the Fall and Winter work yesterday and all entered the work, necessarily very light at the beginning, with much enthusiasm. Drills and apparatus work occupied the first day. General Secretary J. B. Huntington asked all those present to notify other members of the association who expect to enter the classes that now is the time to get started while the work is light.

The Bible classes held last night at 7:30 o'clock exceeded the expectations of the members in point of attendance. Over 45 men and boys enjoyed the fellowship supper and Bible study immediately following. Rev. Dr. A. D. McClure, the teacher, began the study of Isaiah; Secretary Huntington, the history of the Bible, and Assistant Secretary Alexander started the Junior Council off on its year's work.

The Busy Men's Class A, a new class for men who do not want basketball, has been arranged for Tuesday and Thursday afternoons at 6:10 o'clock. Thursday night the Senior members of the association will go to the Lighthouse for an oyster roast. The special car will leave corner of Front and Princess streets at 8 o'clock.

The Junior Council met at the Y. M. C. A. at 7 o'clock last night and outlined the work for the Fall and Winter. This band of young men will do special work among the Junior Department of the Association. They have outlined a special course of study especially suited to young men of their age and will have a man of experience as their leader. Any young man from 15 to 19 years old is invited to join this group. Mr. D. B. Robinson was elected president; Mr. Norman Davis, vice president; Mr. Rodrick Houston, secretary, and Mr. Frank Mills, treasurer. The department will meet every Monday evening at 7 o'clock, at which time supper will be served.

SITE OF EXPERIMENTAL WELL.

Has Not Yet Been Determined—Visit to Southern Part of City.

Mr. J. D. Lowry, the expert well man, having stated that he felt reasonably certain that flowing wells could be secured in the southern section of the city, Councilman W. E. Perdew, in charge of Water and Sewerage, and Councilman B. C. Moore in charge of Public Safety, in company with Mr. Lowry, yesterday visited all that section in the southern part of the city from the site of the Lingo box factory to Greenfield mill pond.

At the last meeting of the Council it was decided to drill a well as an experiment with a view to determining whether it would be advisable to obtain the public water supply in this manner, the well to be drilled under the direction of Councilman Perdew. He was not prepared yesterday afternoon to say whether the well should be sunk in the southern section of the city, or on the county property on the Castle Haynes road, which was inspected last week. The matter will be discussed at the Council meeting this afternoon. Councilman Moore is inclined to favor the county property. Mr. Lowry told the Councilmen that he felt pretty certain that a well of flowing water could be secured in the southern section of the city. There is one such well at Delgado now.

SURPRISE MARRIAGE YESTERDAY

Miss Dora Jones the Bride of Mr. James A. Mason—Live Here

A pretty wedding took place yesterday afternoon at 2 o'clock at the home of Rev. J. S. Crowley, pastor of Immanuel Presbyterian Church, No. 411 South Front street, when he performed the ceremony that made Mr. James Arthur Mason and Miss Dora Jones man and wife in the presence of only the required number of witnesses though the young people have been more than friends for some time, they did not announce their engagement and their friends were delightfully surprised when they learned of the marriage yesterday afternoon.

The young people left the city for a bridal tour of several days. On their return they will probably make their home at Ninth and Orange streets. Mr. Mason, formerly of Onslow county, is a very popular young man, and his bride, the daughter of Mr. and Mrs. Nathan Jones of this city, is a most charming young woman. Their friends wish for them the fullest measure of prosperity and happiness.

THE EXPOSITION COMPANY.

Certificate of Incorporation Received. $50 Amount Paid In.

Certificate of incorporation of the Carolinas Cotton and Southern Industrial Agricultural Exposition Company, granted a charter about ten days ago, was received yesterday at the office of the Clerk of Superior Court. The company is chartered to exhibit cotton and industries of the South and provide amusements of all descriptions and to charge admission, etc. The authorized capital stock is $250,000, but may begin business when $50 has been subscribed for, which was taken by the following, each having one share, valued at $10; Dr. J. J. Crowe, Dr. Russell Bellamy, Messrs. W. R. Kingsbury and R. H. Cowan, of Wilmington, and Mr. Jas. F. Moore, of Currie. The office of the company is to be in Wilmington.

CELEBRATE 9TH ANNIVERSARY

New Hanover Council, Daughters of Liberty, Hold Pleasing Exercises In Council Rooms on Market Street

In their council rooms on Market street last evening New Hanover Council No. 6, Daughters of Liberty, celebrated with fitting exercises its ninth anniversary, and a splendid programme, featured with addresses by Mayor Joseph D. Smith and L. Clayton Grant, Esq., as well as several clever and humorous recitations by young ladies, was rendered. The pleasureable occasion was brought to a close by the serving of delightful refreshments.

Councilor B. D. Hamilton called the meeting to order at 8 P. M., and the song "America" was rendered by the Council. Rev. W. G. Hall, pastor of Southside Baptist church, then delivered the invocation and Councilor Hamilton delivered an appropriate address of welcome.

Miss Mollie Holton delivered a pleasing recitation and was warmly applauded by the audience. She was followed by Mr. T. W. Callahan, who introduced Mayor Joseph D. Smith, who in his usual happy style, made a most pleasing speech. He spoke in the highest terms of the Daughters of Liberty, the woman's branch of the Junior Order, and of the great good it has accomplished since its founding. Mayor Smith declared that the organization of the Daughters of Liberty was the most important step the Junior Order had ever taken and told of the good work that the ladies of the order had accomplished throughout the United States. The Mayor was heartily applauded upon the conclusion of his address.

Following a delightfully humorous recitation by Miss Lila Aman, L. Clayton Grant, Esq., was introduced by Woodus Kellum, Esq., as the orator the vening and delivered a thoughtful and earnest tribute to the Daughters of Liberty and their work for the betterment of conditions. Mr. Grant, in speaking of the work of the order, declared that the organization was devoting its efforts to worthy causes of many different kinds, and referring to its efforts to care for the unwell, he stated that it was ahead of the United States government in its aid to suffering humanity. He declared that a farmer could wire the Department of Agriculture at Washington that one of his hogs had the cholera and that the Department would at once send an expert to administer to the ailing swine, but let some one report to the government a child that was suffering from tuberculosis and no step would be taken to save the little one. The moral, Mr. Grant stated, seemed to "be a hog," but he made it clear that as long as such organizations as the Daughters of Liberty kept up their good work it would be possible for one not to obey the moral literally. The speaker received quite an enthusiastic encore upon the conclusion of his address.

Miss Carrie Russ gave a humorous recitation "High Culture in Dixie," in which she took off the mannerisms of speech of the Southern negro "mammy" in a strikingly natural manner, much to the delight of the audience.

Following the benediction by Rev. Mr. Hall, dainty refreshments were served and the pleasant evening came to a close. Music was furnished by the Cape Fear Independent Band.

The refreshment committee was composed of the following: Miss Jennie Thomas, chairman; Mr. J. W. Russ secretary; Miss Carrie Russ, Mrs. Arline Ezzell, Miss Letitia Melvin and Mis Viney Wolff.

The evening was one of pleasantest ones in the history of the organization and many friends of the order were present to help the ladies fittingly celebrate the happy occasion.

TO TAKE RELIGIOUS CENSUS.

Local Ministers Will Make Canvass of City—Meeting Yesterday.

At a meeting of the Ministerial Association held in the parlors of the Y. M. C. A. building yesterday morning at 10 o'clock the report of the committee appointed at a previous meeting to draw up plans for a religious census was adopted.

The members of the committee were Rev. Dr. J. H. Foster, chairman; Revs. J. C. Wooten and W. E. Cox. The report they presented went into some details but the idea is to have the ministers take a personal census of the white population of the city, the pastors to work in pairs in the territory assigned to them by the committee. The canvass will be made during the week beginning November 13th.

Present at the meeting yesterday were Rev. Dr. W. A. Snyder, who opened the session; Revs. Rexford, Wooten, Beatty, Foster, Bowden, Hall, Plowden, Crowley, Wells, Adams, McClure and Messrs. J. B. Huntington and A. J. Howell.

After an illness of some time, Mr. William Manson McCartney died at 10:30 o'clock yesterday morning at his home, No. 720 Wooster street, being a victim of tuberculosis. He was 27 years old and is survived by his father and mother, Mr. and Mrs. R. R. McCarteny, two brothers, Messrs. Harry and Fred McCartney; three sisters, Misses Eva, Ruth and Sadie McCartney, all of this city. They have the sympathy of many friends in their bereavement. Mr. McCartney was held in high esteem by all those who knew him and his passing will be mourned by many. The funeral services will be held from the residence at 4 o'clock this afternoon, conducted by Rev. Thos. P. Noe, rector of the Church of the God Shepard, and the interment will be in Bellevue cemetery.

POLICE SEE COMET.

Celestial Wanderer Has Been Observed by City's Finest.

Recently there has been much said in the press dispatches about the discovery of a comet in the eastern heavens, and in a number of Southern cities the celestial wanderer was observed first by police officers. Wilmington police officers were probably the first to observe the comet in this city. Assistant Chief of Police C. W. Woolard and Patrolman W. L. Moore observed the comet Sunday morning about 5 o'clock just after they went off duty. They said that the comet was in the East at nearly the same point Halley's comet was seen some months ago with the tail extending toward the northeast. The comet appeared to be even a little larger than Halley's comet, which was visible a little over a year ago.

"Seven Days" Tonight.

Wilmington theatre-goers will get an exceptional opportunity tonight in the chance to witness a gorgeous production of "Seven Days," the famed New York comedy success, which comes to the Academy to be played by the original Astor Theatre cast. This in itself is quite a red letter event and should be appreciated. Seats went on sale yesterday at Plummer's.

The Richmond Press last week lavished praise on the superb attraction. The Richmond News-Leader had this to say:

"One may laugh and laugh and be beyond suspicion still at a performance of 'Seven Days' the Reinhart-Hopwood farce, which returned to the Academy of Music last night for a secries of three presentations, including today's matinee.

"For, like a well advertised commodity, this funny play is 'absolutely pure and perfectly harmless.'

"Even the wards of Councilman John J. Lynch, spiritual patron and guardian of the morals of all the children of the city under the age of 14, may see it and return home uncorrupted.

"The cast presenting the farce is the better of two companies Wagenhals & Kemper have sent on tour this season. Thomas Coffin Cooke, who established himself as a favorite with Richmond play-goers by his splendid performances in 'Paid in Full' and Miss Maquita Dwight are at the head of the organization. It is a strong and well balanced cast without a single misfit.

"Mr. Cooke, as James Wilson, the husband whose wife has divorced him for no other reason than he took on fat too quickly, gave a superb exhibition of straight comedy acting. His mobile face is one that lends itself readily to the expression of fleeting emotions, and he kept the audience convulsed with his grimaces of alternate joy and woe.

"Miss Dwight, as the divorced wife, was all that the part demands. She works with a discreet and deft hand, never overacting.

"Raymond Walburn is a big, manly figure in the role of Tom Harrison, with lots of joyful exuberance and an easy, breezy delivery that enables him to give the character just the proper spirit and dignity.

"Miss Florence Mack is the Aunt Salina, who assumes full charge of the oddly assorted company during the enforced stay of seven days in the quarantined Wilson home. Her character work is excellent. Two charming and intelligent actresses are Miss Ruby Hoffman, who plays Anna Brown, whose fad is psychology, and who believes she is endowed with psychic powers; and Miss Phyllis Bostwick, the pretty and petulant Kit McNair, of the comedy.

"The two rough comedy characters, Tubby McGurk, the burglar, and Officer Flannigan, are in the hands of Harry Fowler and Jack Sheehan, and they could hardly be in better hands. The comical pursuit of the mysterious Tubby, by the mystified Flannigan is uproariously funny at every stage of the chase.

"'Seven Days' has about it a clean, pure, invigorating atmosphere that makes it perennially refreshing and amusing. One may see it played over and over again many times and always enjoy it with as much zest as at the first performance.

"The comedy is not only well acted, but handsomely mounted and caparisoned. Each of the three stage settings is complete in detail, accurate and artistically arranged."

Big Musical Show Friday.

"Around the Clock", a new musical comedy written by Frank Huffman, which is underlined for an engagement Friday night at the Academy is the vehicle used this season to exploit the talents of the versatile Ritchie London Musical Comedy Company. In this, their latest offering, they have one of the biggest hits of their career. The comedy is a laughable story of complications rivalling in ingenuity the best work of the celebrated French masters. Mr. Ritchie will be seen in his world famous impersonation of an inebriated youth, and the entanglements into which he manages to get himself are the source of the greatest amusement to his auditors. The company supporting Mr. Ritchie is a large and capable one.

Seats will go on sale Thursday.

At the Bijou.

The Bijou made a most auspicious start of the new week yesterday, presenting one of the best bills ever offered in any moving picture theatre. Every film was a star and the music was of the latest and merriest type. This big bill will be hotly and closely followed up by other big ones, as this week's selection of both photoplays and music is really superb. Today's bill is going to be a splendid one. It will be especially strong for the dramatic. In fact, two of the greatest dramatic film creations in years will head the list. "The Stolen Grey" is indeed an exciting photoplay. It deals with old western days, when the horse thief used to be summarily strung up, and in this picture is shown a frantic chase after a supposed horse thief and a near-lynching. It is a thriller, but it is thoroughly wholesome. "The Adventures of Billy" is another film decidedly out of the ordinary. It tells an interesting story of a plucky little New York bootblack, who is seized by tramps, who try to make him beg for them. A faithful dog plays an important and unique part in this highly interesting moveing picture tale.

Jones' Bros. Show

That Wilmington has been sadly neglected in the matter of curcuses during the present season, is the solemn opinion of every boy in the city, but the information will be hailed with delight that at least one tented attraction is booked to play here. The advance agent of Jones Bros. Shows was in the city yesterday and made final arrangements for bringing their attraction here for two performances next Monday afternoon and night, at the show grounds, Fourth and Castle streets. While not one of the largest shows on the road, this attraction has received flattering press notices, and has the reputation of being a clean family show. Popular prices will prevail as a special inducement and no doubt it will draw a seating capacity crowd.

The Grand

For the delectation of its patrons today The Grand will serve up as a headliner a magnificent Kafem production entitled "The Mesquite's Gratitude," being a production of the West full of the overflowing big-heartedness and gratefulness of an Indian girl, who repays an act of kindness in a touching manner. Besides this feature film there will be two other recent releases combining comedy, scenic and dramatic stories pictorially told in a pleasing manner, and Nat Hilt will present a tuneful melody "Down Where the Bananas Grow," a new song production that has made a big hit throughout the country.

Call for Mass Meeting.

Hand bills were distributed on the streets yesterday afternoon announcing the mass meeting to be held tomorrow night at the Court House for the purpose, as set forth on the circular, "To discuss the recall fully from beginning to end and settle the question as the majority shall determine." K. C. Sidbury, Esq., chairman of the steering committee, stated yesterday afternoon that the meeting would be held at 8 o'clock and that he expects a large attendance.

Death of Infant Son.

Otto Marine, the seven-months-old son of Mr. and Mrs. G. A. Marine, died Sunday evening at 6 o'clock at the family residence, No. 509 Wright street. The funeral was held at the residence at 2:30 o'clock yesterday afternoon, conducted by Rev. J. S. Crowley, pastor of Immanuel Presbyterian Church, and the interment was in Bellevue cemetery. The bereaved parents have the sympathy of many friends in their sorrow.

HOW TO GET FAT

Use Samose, Says Druggist J. Hicks Bunting and Put On Good Flesh

The almost universal interest in physical culture is the best evidence that can be offered as to the need of a simple and scientific method of making thin people fat, increasing strength and restring health.

Athletics, when carried to an extreme, often result in straining the vital organs. How much better it would be for the average person to regain health, strength and flesh by using Samose. This flesh forming food is assimilated as soon as it enters the stomach; it helps the organs to assimilate the food and extract the flesh forming elements; it bunds up the muscles and rounds out the limbs into shapely plumpness.

Samose has been so successful in making thin people fat and restoring the weak and run down to strength and health that J. Hicks Bunting, the popular druggist, sells it under his personal guarantee to refund the money if it does not benefit.

CREDIT.

A business man's greatest asset is his credit.

As soon as his credit is gone his business fails.

In these days of the ready interchange of credit information a man's bad credit record follows him everywhere.

On the other hand, a good credit record is just as widely known and the right kind of a bank can assist the right kind of a customer to secure a good credit record.

It is the policy of this bank to assist its customers in a whole-hearted and conscientious manner.

May we not be of assistance to you?

FROSTS IN COTTON BELT

Nevertheless, Prices Again Fell 22 to 26 Points—Cold Weather in Southwest—Ginning to Date 7,750,000 Bales.

New York, October 23.—Following Saturday's cold weather predictions, today's reports indicated frosts pretty much all over the South, but actually killing temperatures appeared to have been less general than anticipated. It was reported that the South was offering cotton more freely at the advance from the recent low records and prices ruled generally lower, with the close at net loss of from 22 to 26 points.

The market opened easy, at a decline of 13@21 points, in response to lower cables than expected, heavy Southern selling orders, liquidation by many of Saturday's buyers and a renewal of bear pressure, which was evidently inspired by reports that Southern holders were offered spots more freely in Liverpool and numerous private advices indicating that the frosts shown in the belt had been too light to do much damage, and that in many cases these were considered beneficial as tending to open bolls and cause the plant to drop its useless foliage. The Western belt forecast for generally fair and warmer weather added to the pressure against the market, and while covering by other shorts and a moderate demand from trade sources had been sufficient to hold prices around the opening figures, right after the call, active positions eased off later in the morning. The eastern belt forecast for continued and probably heavy frosts, together with detailed weather reports, indicating that temperatures had been down to dangerously low figures in parts of Texas, Oklahoma and Louisiana, caused a slight rally around midday, in connection with the heavier exports, but the expectation of bearish ginning figures on Wednesday was against any sustained advance, and the low level was not reached until late in the afternoon, when prices showed a net loss of from 23 to 27 points, and a reaction of some 23 to 39 points from the high level of Saturday morning. The close was within a point or two of the lowest. Local traders are talking of a census report of next Wednesday, showing in the neighborhood of 7,750,000 bales, ginned to October 18, comparing with 5,423,628 last year, with bears claiming that such a figure would point to a surplus crop, regardless of the killing frost date. Receipts today, 82,370 bales, against 75,469 last week, and 57,819 last year.

Today's receipts at New Orleans, 6,399, against 5,011 last year, and at Houston, 22,028 against 37,179 last year.

Spot closed dull, 30 points lower; middling uplands, 945; do. gulf, 9.70; sales, 17,400.

Futures closed steady.

STOCKS DULL AND LISTLESS

Absence of Any Inducement for Speculative Operations—Reading Showing Greatest Strength. —The Market

New York, October 23.—Prices barely moved through most of today's session on the stock exchange. The market was dull and listless and in the absence of any inducement for speculative operations, trading was light. London sent over a somewhat lower range of prices before the opening, and this fact, coupled with moderate pressure from professional traders, caused slight recessions in the early trading. It was soon apparent, however, that the bears were attracting no following by selling the market, and that so far as any tendency was observable it was rather in the direction of better prices. The market rallied briskly and held firm until shortly before the close, when a final drive eliminated most of the modest gains which had been made.

Reading showed the greatest strength of any of the leading stocks. C. & O. recovered part of the loss, which it sustained last week, and upon publication of an unfavorable report, and Norfolk & Western also moved upward. Among theindustrials International Harvester, with a gain of nearly five points, was strongest.

New York Air Brake fell 3¼ points to 50, its lowest price in many a year. Liquidation of this stock and of the convertible 6 per cent. bonds recently, is attributed to delay in declaration of the usual dividend. There was some further selling of American Tobacco, pfd., which lost a point, although the bonds held steady. United States Steel was again the most active stock and displayed effective resistance to the bear attack. The day's trade reports indicated that incoming orders were smaller than a week ago, notwithstanding that prices of many products are almost at the lowest level of a a decade. Perhaps the most significant event of the day was the announcement that a large part of a $20,000,000 loan for the Prussian government was to be placed here at 4¼; six months treasury bills. The offering of so large a portion of the loan at this point was regarded as only logical in view of te extreme ease of money in New York. As compared with the rate of payment on the Prussian loan, they were quoted here at 4¾ today.

The bond market was quiet and irregular. Total sales, par value, $2,100,000. United States bonds were unchanged on call. Total sales for the day, 327,000 shares.

Averts Awful Tragedy.

Timely advice given Mrs. C. Willoughby, of Marengo, Wis., (R. No. 1) prevented a dreadful tragedy and saved two lives. Doctors had said her frightful cough was a "consumption" cough and could do little to help her. After many remedies failed, her aunt urged her to take Dr. King's New Discovery. "I have been using it for some time," she wrote, "and the awful cough has almost gone. It also saved my little boy when taken with a severe bronchial trouble." This matchless medicine has no equal for throat and lung troubles. Price 50c and $1.00. Trial bottle free. Guaranteed by R. R. Bellamy.

DEATH OF MRS. S. N. DICK.

Passed Away Sunday Evening—Funeral Yesterday—Other Deaths.

(Special Star Correspondence.)

Lumberton, N. C., Oct. 23.—The people of Lumberton and surrounding country were made exceedingly sad when it was announced last night that Mrs. Sarah N. Dick had died at 7:15 o'clock. While she had been an invalid for several years, her death came as a great shock to relatives and a host of friends. The immediate cause of her death is thought to have been shock resulting from burns received Friday morning, an account of which appeared in yesterday's paper.

Mrs. Dick was 76 years old last March. She had spent her entire life in Lumberton where she was born and was one of the best known and most highly esteemed ladies in the county. To know Mrs. Dick was to love her. She was a charter member of the Lumberton Presbyterian Church, she being the last of the original membership of that church.

Mrs. Dick is survived by one brother, Mr. H. C. McQueen, of Wilmington, and two sisters, Mrs. Sue Chaffin, and Miss Nannie McQueen, of South Carolina; two sons, Messrs. W. A. and F. W. Dick, of Wilmington,and three daughters, Mesdames C. B. Skipper and E. B. Freeman, and Miss Sallie Dick, of Lumberton.

The funeral was conducted from the residence of Mr. Skipper where Mrs. Dick made her home this afternoon by her pastor, Rev. R. E. Steele, and the remains were laid to rest in Meadow Brook cemetery.

All immediate members of the family were present except Mrs. Chaffin and Miss McQueen. Mr. H. C. McQueen, Mr. and Mrs. W. A. Dick and Mr. and Mrs. Fred W. Dick, returned to Wilmington tonight.

Mr. Preston Pate, between 25 and 30 years of age, died yesterday morning about 1 o'clock at the home of his parents, Mr. and Mrs. L. Pate, near Barker's. Mr. Pate had been sick several weeks with typhoid fever. His death was no surprise, his life having been despaired of several days ago, still a great shock to loved ones and friends.

Mr. H. B. Ward, a prominent druggist of Rowland, died yesterday morning as the result of an attack of typhoid fever. Mr. Ward was one of Rowland's leading citizens, 38 years old and is survived by a wife and two children. The funeral was conducted this morning at 10 o'clock and the remains were laid to rest in the cemetery at Echo, a few miles from Rowland.

WOMAN PLACED ON TRIAL

Wife of Railroad Official Who Shot Tulane Student

Opelousas, La., Oct. 23.—That their client will take the stand to tell why she killed young Allan Garland, the Tulane student, in her home a month ago, was announced by attorneys for Mrs. Z. Runge-McRea, wife of president of the Frisco Railroad placed on trial here today.

Immediately following the killing Mrs. McRea said she shot the youth in defense of her honor. The announcement that she will take the stand herself stimulated expectations on the part of those who believe that elements more dramatic than those yet revealed form a background for the killing.

That the State will ask for a verdict of first degree murder which carries the death penalty in Louisiana, regardless of sex, was indicated by the prosecutor's questioning. The State apparently, too, believes the defense will attempt to inject the unwritten law into the case.

When court adjourned today two jurors out of a panel of 30 veniremen had been selected. The jurors are Walter Guidry, and Nathaniel Guillory. Only 15 of the 50 men summoned responded to the call. The sheriff was ordered to have another panel in court tomorrow morning.

Mrs. McRea appeared calm in court, but was more or less nervous in face of the serious charge against her.

TRYON CATHOLIC CHURCH.

Wilmington Visitors Attend Dedication by Bishop Haid.

Tryon, Oct. 22.—The beautiful St. John's Catholic Church, situated in St. Joseph's Retreat, was consecrated to God's service here today before a large concourse of people, both Catholic and Protestant. Right Rev. Bishop Haid, of Belmont, officiated, assisted by Rev. Father Felix and a number of visiting priests. The exercises, although not fully carried out owing to the inclemency of the weather, were very impressive. The bishop delivered a most interesting sermon. The cathedral choir rendered music which was greatly appreciated. A banquet was served at Oak Hill to the visiting clergy by the citizens of Tryon and the members of the choir were served at Woodlawn after which they repaired to the hotel, where a sacred concert was given. The church is beautifully located and is a most valuable addition to the houses of worship of this little mountain city. Visitors were present from Philadelphia, Atlantic City, Wilmington, Asheville and Spartanburg.

Rocky Mount, N. C., Oct, 23.—Richard Fountain, a young attorney of Edgecombe county, was tonight elected recorder of Rocky Mount, at a special meeting of the board of aldermen. M. V. Barnhill, of this city, was chasen vice recorder. This ends a long legal and political battle dating back to May, 1907. The new officials succeed to the position filled by Mayor Joseph B. Ramsey, who continues as mayor of the city.

Richard Fountain is a member of one of the most prominent families of Edgecombe county. He moved here and began the practice of law in this city about two years ago. He is graduate of the State University. The matter of electing a city solicitor was brought up at the meeting tonight. It will be settled probably at the regular meeting of the board, which will be Thursday, November 2nd.

At the sale of the 2,000 acres at Warsaw Friday, Oct. 27th, at 10 A. M., purchasers of farms will have railroad fare paid both ways. Free silver souvenirs, band concert and barbecue on day of sale.

IN THE ENEMY'S COUNTRY.

President Taft Back in Insurgent Stronghold.

Aberdeen, S. D., October 23.—The Republican regulars and insurgents of South Dakota joined forces today to make President Taft's last day in the State a pleasant one. The truce was more or less of an armed one, however, for the insurgents on the President's special train did not hesitate to declare that if Mr. Taft got any delegates at all from South Dakota, he would have to fight mighty hard for them."

The regulars said the estimate of four out of the ten delegates for Mr. Taft was too low, and there would be some surprises in the State next year. The President and Secretary Hilles listened with interest to both sides of the story.

Ending his three days' tour of the State up here near the North Dakota line tonight, President Taft swung back to the south, and tomorrow will enter Minnesota, where the battle between the insurgents and the regulars wages warm. He will be in the midst of that fight on Wednesday, while on Thursday he goes into "the enemy's" country, Wisconsin, the home of Senator LaFollette.

In a speech before the Aberdeen Commercial Club here tonight, President Taft replied with feeling to the charge that he had set up the Supreme Court with the idea that it was to emasculate the Sherman anti-trust law, and declared anew his intention to have that law enforced to the letter.

The President referred to the criticism of the Supreme Court's rulings in the Standard Oil and Tobacco Trust cases, and declared that nothing could be further from the fact than the charges that the statute had been made ineffective. The Supreme Court he said, had declared that any restraint of trade or combination for the purpose of suppressing competition and controlling prices was an inhibition of the law.

"I have challenged and challenge again," he shouted, "any person to cite a case that he would condemn as a violation of the anti-trust law that would not be condemned under the decisions of the Supreme Court. As yet I have heard no reply.

"The only answer that has come has been an insult to the court and an insult to me. It is the charge that I set up the court with the purpose and understanding that it would emasculate the statute. Oh, gentlemen, there is not the slightest foundation for that.

"I am proud of the men that I have put on that court and I am willing to abide by the record that they have made and that they will make.

"Now that we have got the law in shape for real enforcement, after 20 years, I hear another cry that to enforce it will disturb business. I don't want to disturb business any more than any one else. But I am going to see to it, so far as I have the power, that everyone who comes within that statute feels its heavy hand."

The President again expressed the hope that business would square itself with the statute.

"When it does," he concluded, "we should all get together and do the team work to bring about prosperity."

LORIMER CASE

New Feature Introduced Yesterday In Connection With Bank Deposit

Chicago, Oct. 23.—Jervis O. Newton, chief clerk of the State Bank of Chicago, today before the committee of United States Senators investigating the Lorimer case revealed a new phase of former State Senator D. W. Holstlaw's connection with alleged corruption in the Illinois legislature.

Newton disclosed that $700 in cash was deposited in the State Bank of Chicago to the credit of Holstlaw in the bank, August 25th, 1909 was the date on which Senator John Broderick had arranged to meet Holtslaw in Chicago, following a meeting between the two on June 16th. Counsel for the committee last week unexpectedly produced a letter from Broderick to Holtslaw dated August 26th, 1909, in which the Chicago Senator sent for the Iuka man. The production in this letter and the testimony regarding the $700 deposit were advanced in an effort to show that Holtslaw in addition to an alleged bribe of $2,500 to vote for Lorimer, received a portion of the so-called "jack-pot."

Although Holtslaw has testified that he had but one meeting with Broderick in Chicago, Attorney Healy, of counsel for the committee, said the $700 deposit may have been made for the Iuka man without the letter's presence here.

Highmore, S. D., Oct. 23.—President Taft today signed the long expected proclamation declaring the neutrality of the United States in the war in the Ottoman Empire and Italy. The proclamation was forwarded to Washington immediately and the State Department will notify the powers concerned.

GRANDMOTHER'S SECRET

Look Young by Preserving the Color of the Hair With Sage and Sulphur

It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood the secret. They made a "sage tea," and their dark, glossy hair long after middle life was due to this fact. Our mothers have gray hairs before they are fifty, but they are beginning to appreciate the wisdom of our grandmothers in using "sage tea" for their hair and are fast following suit.

The present generation has the advantage of the past in that it can get a read-to-use preparation called Wyeth's Sage and Sulphur Hair Remedy. As a scalp tonic and color restorer this preparation is vastly superior to the ordinary "sage tea" made by our grandmothers.

This remedy is sold under guarantee that the money will be refunded if it fails to do exactly as represented.

If your hair is losing color or coming out, start using Wyeth's Sage and Sulphur today, and see what a change it will make in a few days' time.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

THE MECKLENBURG FAIR

Will Be Held As Scheduled In Spite of Destructive Fire

Charlotte, N. C., Oct. 23.—The admirable enterprise and determination of the directors and management of the Mecklenburg Fair Association are shown in the announcement that, notwithstanding the destruction by fire of the large floral hall and the larger of the two grandstands, the fair will be given just as has been planned, Tuesday, Wednesday, Thursday and Friday of this week. Not altogether as was planned, either, for the exhibits of fancy work, art, pantry supplies and most farm products will not be seen on account of the lack of space. The poultry exhibit will also be missed.

However, all of the races will be given as scheduled. The live stock exhibit will not be interferred with and will be considerably larger and more interesting than ever before. The midway will be the usual center of attraction, with its varied features, and the really big drawing cards of the fair, the concert of the United States Marine Band on Wednesday, and the aviation flights Thursday and Friday, will be given according to contract.

The managers of the fair regret exceedingly of course, that the exhibits that were formally given in the floral hall will be missed because they, along with the live stock exhibits and others, have proven a valuable educational feature of the fair, but they are well fortified in having the best and most costly special attractions ever provided for a fair in North Carolina and are confident that the attendance will be as large as at any previous fair,, even as great as the record-breaking attendance last year. All of the railroads are giving special rates of one fare for the round trip, plus 50 cents, which entitles holder of coupon to entrance into the fair grounds.

The fair management has received word from the Curtiss Aviation Company, which is under contract for the aviation flights here Thursday and Friday, that R. C. St. Henry, one of the most skillful and daring of the aviators of the Curtiss coterie, will be sent to Charlotte to give the exhibit here. The flights will last at least half an hour each of the two afternoons and the machine must ascend to a height of 1,000 feet.

BINFORD PICTURES TABOOED

Durham Fathers Threatened With A Suit by Theatre Manager

(Special Star Correspondence.)

Durham, N. C., Oct. 23.—Though the board of alderman in a called meeting Saturday tabooed the pictures of Beulah Binford, the girl who figured very extensively in the trial of Henry Clay Beattie, Jr., charged with killing his wife, they will be called upon today to reconsider their action, and permit the reels to be shown at the Arcade Motion Picture Theatre as was advertised. In case the aldermen still refuse to allow the picture, Mr. O. F. Wilkerson, proprietor of the Arcade, will bring suit against the city.

Mr. Wilkerson claims that the city fathers treated him very unfairly about the matter. He advertised over a week ago that he would have the pictures here, and went to the expense of getting out hundreds of circulars, and bought large space in the city papers in order to let the people know that he would have the reels here. Yet all the week, the city fathers made no mention of the matter, and took no action to put a stop to it. On Saturday at noon, they held a special session and passed an ordinance prohibiting the pictures, and the management was notified of the action after the pictures were on the reels and ready to start just a few minutes before two o'clock. The manager of the show declares that he will proceed until he is forced to stop, and that when he is forced to stop, he will then bring suit against the city.

He contends that he has never shown any immoral pictures, and that several prominent people of the city have viewed the pictures of the Binford girl, and that they have approved them. He says furthermore, that if he is prohibited from showing these pictures, his reputation for decent pictures will be ruined. The aldermen will meet today and take further action in the matter, and if they refuse the fun will begin.

CUMBERLAND COUNTY FAIR

Prospects Fine for Event Which Opens Today — Aviation Feature

Fayetteville, Oct. 23.—Preparations are going on apace for the biggest fair ever held in the southeastern section of North Carolina, which will be opened on tomorrow, when the Cumberland County Agricultural Society will throw wide its gates. But the three big days of the Fayetteville fair will be Wednesday, Thursday and Friday, Oct. 25, 26, and 27. On these days will take place the hair-raising flights of Harry LeVann, the daring young aviator who has just been causing the great throngs at the Richmond fair to hold their collective breath, in a Stroebel biplane; the highest class racing that this region has ever seen; the startling feats of a Japanese troupe of acrobats, and a wonderful display of Raines' daylight fireworks—all free attractions, in addition to John Robinson's famous curcus and wild west show ("Ten Big Shows Combined"), which will erect its tents on the grounds and give two performances Wednesday, the 25th, and unsurpased midway attractions. The agricultural and live stock exhibits will more than ever be a feature this year, premiums in these departments being greatly increased.

Secretary Z. P. Smith has taken hold with an enterprising hand, and with the assistance and co-operation of President T. J. Purdie, has given the Fayetteville fair the widest publicity. As a consequence the greatest crowds in Fayetteville's history are expected here on these three big days.

The entry list for the harness races was to have closed on the 17th, but owing to the numerous applications both before and after this date, the time has been extended. The harness horses are already beginning to arrive from Greensboro and Raleigh, and together with several local thoroughbreds, are being put through the paces on the society's track.

Scalloped Oysters

(Recipe by "Marion Harland")

Crush and roll several handfuls of friable crackers. Put a layer in the bottom of a buttered pudding dish. Wet this with a mixture of oyster liquor and milk, slightly warmed. Next, have a layer of oysters. Sprinkle with salt and pepper, and lay small bits of Cottolene upon them. Then another layer of moistened crumbs, and so on until the dish is full. Let the top layer be of crumbs, thicker than the rest, and beat an egg into the milk you pour over them. Stick bits of Cottolene thickly over it, cover the dish, set it in the oven, bake half an hour; if the dish be large remove the cover, and brown by setting it on the upper grating of oven, or by holding a hot shovel over it.

Harrisburg, Ills., October 23.—Eight miners were killed and eight others temporarily overcome by an explosion of powder in Ogmara mine, a mile from here, today. The dead and those unconscious were removed from the mine by rescuers, three of whom were overcome by gas. They were resuscitated at a hospital. The cause of the explosion is not definitely known.

THE FIRST LESSON

In life should be to learn to save a part of what you earn. Remember, it is not how much you earn; it's what you save that counts. If you are one of the men with a good income that lives up to it, there's danger ahead unless you stop it. Remember there are lots of things might happen over night when it would be convenient to lay your hands on some ready money. Make up your mind today to open a savings account at our bank today.
